COUNTY ROADS SAID IN GOOD CONDITION

The roads of Jackson county are in good condition, according to County Engineer Paul B. Rynning.

The Birdseye creek road is the only county road which has weight restrictions of 50 per cent imposed on it.

Any further restrictions will depend on logging operators themselves, Rynning reported. If overloads are not hauled, he said, it is possible to get through the winter without further load limit restrictions.

The county engineers, he concluded, will keep all county roads under observation for road damage.
