**"Diabetes is a serious disease, but you can manage it."**

**Did you know** that diabetes is the leading cause of adult blindness, kidney failure, and amputations?

Diabetes is a growing problem for Asian Americans and Pacific Islanders. But you can manage your diabetes and stay healthy - now and in the future - by controlling your blood sugar levels.

Keep your blood sugar close to normal by choosing healthy foods and getting regular exercise. Take your prescribed medications and test your blood sugar on a regular basis.

Manage your diabetes. You'll feel better and have more energy. Best of all, you will lower your chances for serious health problems.
