## Year of the Dog forecasts

listening to one another. Things should become better if everyone feels they are being heard.

### The Monkey

It's a rocky road this year for the Monkey. You may feel like hard work and increased efforts don't seem to bring you any closer to your goals in this Dog Year. Stepping back and rethinking your strategy may lead to a better approach. Consulting with trusted sources may also prove beneficial.

■ **Metal Monkey:** Be especially cautious with people who talk sweetly to your face, but are more than willing to stab you in the back if it benefits them. Trust your intuition and use it as a guide.

■ **Water Monkey:** Find time to get out and socialize, Water Monkey. It may help you unwind from daily stress and keep your spirits up during the bumpy year.

■ **Wood Monkey:** Make sure to get enough rest, eat well, exercise, and spend some time outdoors this year. A healthy lifestyle will greatly improve the year's outcome.

■ **Fire Monkey:** Avoid risky investments or financial schemes, as they will likely decimate your finances. Now is a good time to listen to people you trust and remember the axiom that if it sounds too good to be true, it probably is.

■ **Earth Monkey:** An opportunity to enhance your life or make a big change will present itself during the Year of the Dog. Though you should not act without due consideration, also avoid taking too long and missing out.

### The Rooster

Though the Year of the Rooster is exiting and won't be back for many years, don't despair! The Year of the Dog may throw a bump or two your way, but on the whole it promises to be a good one. Be sure to keep informed on projects to avoid missteps.

■ **Metal Rooster:** 2018 is not the most auspicious year to make big changes. Therefore, it may be advisable to kick the can down the road. If you are not able to wait, be sure to seek advice from your trusted inner circle.

■ **Water Rooster:** The Year of the Dog should bring an amazing array of social activities, so get out there and enjoy yourself, Water Rooster! You may meet new and fascinating people; at the very least, you'll receive some much needed down time.

■ **Wood Rooster:** Start that project that you've been dreaming about, Wood Rooster. Your excellent organizational skills will help you see it through to completion and then you can crow with satisfaction.

■ **Fire Rooster:** Reach out and use your charm and great sense of humor to network with new people this year. While expanding your social circle, remember to take care of your personal relationships, too.

■ **Earth Rooster:** Obstacles may temporarily block a project of yours this Dog Year, but seeking advice from experienced individuals should lead the way to success. Be sure to acknowledge the assistance or an offer of help in the future might not be extended.

### The Dog

Woof, woof, it's finally your year, Dog! After a rough Year of the Rooster, your fortunes are looking up at last. It's a great time to set your sights on long-desired goals or even to sniff out a new and better project.

■ **Metal Dog:** During your fast-paced year, Metal Dog, don't forget to pay attention to those in your pack who may be silently hurting or in need. A helping hand or a sympathetic ear could go a long way to making them feel better and getting them back on their feet.
