

LOTTERY DOLLARS HELP SUPPORT OREGON'S SCHOOLS

There's a very magical moment between a student and a teacher, when all of the instruction, the research and the hard work is realized; a light comes on for the student. It's the moment of understanding, of inspiration. Since 1995, nearly \$7 billion has helped to support education - giving teachers the chance to throw the switch and students the moment for the lights to come on.

**OREGON
LOTTERY™**

Together, we do good things.
