**Flu and COVID-19 Facts**

**FACT: COVID-19 is more deadly than the seasonal flu.**

National estimates of the last three flu seasons indicate that 0.06% to 0.14% of Americans who contracted influenza died from it. On the other hand, national data shows that 2.8% of people diagnosed with COVID-19 have died—at least 20 times as fatal as flu.

For more information visit [healthoregon.org/coronavirus](http://healthoregon.org/coronavirus) or call 211 

**Wear it for each other**

Face coverings are a way we support each other — like holding a loved one's hand when crossing the street or sharing an umbrella in the rain.

Wearing a face covering is one of the best ways we can protect our families, coworkers, neighbors and friends from COVID-19.

**Let's wear it today to ensure safe, strong days ahead.**

**Use a face covering if you**

- Need to go out in public
- Don't have symptoms and are taking care of a person who might be sick
- Are coughing or sneezing
- Make it out of household items or common materials (save N-95 or surgical masks for medical personnel!)
- Throw the face covering away (or wash if reusable) as soon as it is damp

**Safe + Strong**
