

# APPEAL BY ROBERTS

### He Calls for Five Thousand More Volunteers.

#### AUTHORITIES INCREASE THEIR EFFORTS

##### British Offensive Operations Have Ceased for the Present—Martial Law Proclaimed Throughout Cape Colony.

London, Jan. 19.—Lord Roberts, who was entertained privately at a dinner last evening by United Service Club, the guests including the Prince of Wales, the Duke of York, the Duke of Cambridge and some 300 officers, has issued from the war office a stirring appeal to the country for a prompt response to the call for 5,000 yeomanry, whose past services in South Africa he highly commends to the gratitude of the nation.

The authorities continue to hold a hopeful view regarding the South African situation, but they seem to recognize that vigorous measures are necessary. The proclamation of martial law throughout the whole of Cape Colony, Lord Kitchener's strong measures against the population of the republics, the placing on reduced rations of the wives of men in the field, and similar measures, go to show that there is heavy work.

British offensive operations have ceased for the present. It is supposed Lord Kitchener is collecting his strength for a final effort to crush or to capture the commandos by a repetition of the tactics which caused the surrender of General Cronje and General Prinsloo. It is alleged that the Boers who are concentrating at Carolina and Ermolen are preparing to descend into Natal.

The casualty list issued yesterday shows that the Boers have released 297 British who were captured at Helvetia and Belfast. The facts regarding the capture at Belfast have not been allowed to transpire.

It is asserted that more heavy naval guns will be landed at the Cape. In formation as to the doing of the invaders is hard to obtain, but it is clear that they are getting very little help from the Dutch. Twice they attempted to capture Barkley East, but both times they were repulsed. For three days they occupied Sutherland, but they cleared out on the approach of the British. Some scattered parties are reported operating in different parts. Apparently the invaders abandoned the idea of attacking Clan William on finding the town well defended. A commando of 1,000 has been active in the Richmond district, but there the Boers have secured only 100 Dutch recruits.

#### Boers Attacked Colville.

Standerton, Jan. 19.—Colville's mobile column, marching from New Denmark to Vladlaagte, was attacked by 1,000 Boers, divided into two forces. One force made a determined attempt on the baggage and the other on the cavalry constituting the rear guard. The cavalry was compelled to retire until protected by four companies of rifles, hidden by a ridge, who were waiting with bayonets. The Boers made a speedy retreat, leaving several dead and wounded from the heavy British fire. Eventually both attacks were repulsed, the Boers losing heavily. The British were not able to pursue the Boers, owing to the necessity of protecting their baggage. The casualties were one killed and 15 wounded.

#### TO PROTECT WALRUS.

##### The Indians' Food Supply Endangered by Wanton Destruction.

Port Townsend, Jan. 19.—Reports of the wanton destruction of walrus have reached the treasury department at Washington. Walrus come from the Arctic on the ice flow during the early portion of the open season to points between St. Michael and Cape Nome, and thousands of passengers on early steamers plying between those places shoot into bands, killing and wounding many. Captains of whalers have reported that thousands of carcasses are seen floating in Behring sea and the Arctic ocean. Walrus flesh is the main subsistence of Alaska coastwise Indians, and their wanton destruction threatens starvation to them. The law relating to fur-bearing animals does not apply to walrus, but Assistant Secretary of the Treasury Spaulding has issued instructions to Collector of Customs Heustis, at this port, to urge masters of vessels visiting Alaska waters to prevent the killing of walrus by persons on board of their vessels. These instructions are issued with a view of protecting the food supply of the Indians, many of whom are said to be almost in a starving condition.

#### Admiral Casey's Plans.

# THE FINAL NEGOTIATIONS.

### Ministers at Peking Will Clear the Way of Minor Matters.

Washington, Jan. 19.—So far as our state department can influence the negotiations now about to begin at Peking it will seek to clear the way of all minor matters and of points upon which there is no disagreement whatever among the allies, before undertaking the solution of the more difficult problems involved in the settlement of the questions of indemnities, guarantees and commercial treaties. It is fully expected that the Chinese representatives will offer opposition to almost every point, in order to secure more favorable terms, such as an undertaking to dismantle, instead of destroy, the Chinese forts between Taku and Peking; some abatement of the restrictions upon the importation of arms, and a considerable limitation upon the size of the legation guards to be maintained in Peking.

It is said at the state department that Mr. Rockhill has signed an intention to return to the United States in a short time. He has not retired, but returns voluntarily.

#### China Wants Easier Terms.

London, Jan. 19.—"Although the United States government and the American papers accuse Mr. Conger of severity toward the Chinese," says the Peking correspondent of the Morning Post, "the Americans had regarded him as inclined to leniency."

"The Chinese commissioners handed to the foreign envoys with the signed protocols a dispatch from Emperor K'wang Hsu, asking a foreign occupation instead of destruction of the Taku forts. The emperor's dispatch asked also of the fixing of a definite period for the prohibition of the importation of arms, and requested that the punitive expeditions be stopped, asked for particulars as to the amount of land to be retained for the legations, the number of legation guards, the probable cost of the military operations and the date when the foreigners propose to restore the public offices and records in Peking to the Chinese. The emperor does not mention the demand of the powers for the punishment of the principal offenders."

#### First Sitting of Peace Conference.

Berlin, Jan. 19.—An official of the German foreign office informed a correspondent of the press today that the first sitting of the peace conference in Peking would be appointed immediately after the different foreign envoys had convinced themselves that their copies of the joint note had been properly signed and sealed by the Chinese plenipotentiaries.

# A DESPERADO CAUGHT.

### Officers Located Marvin Kuhns, the Indiana Outlaw

Logansport, Ind., Jan. 19.—Marvin Kuhns, the desperado who has terrorized Northern Indiana for weeks and defied the officers of two states, was captured last night at Greenhill and is now in Logansport jail. Kuhns and his brother, who was released from the Columbus prison shortly after Marvin escaped, were taken after a desperate fight. Before the outlaw was overpowered he shot two men and was himself shot in the head, but not seriously.

Kuhns and his brother and a confederate stole a team at Plymouth Sunday night and started south. Ex-Sheriff Marshall and Marshal Cheney traced them to La Fayette last evening and by telephoning neighboring towns located them at Greenhill, near Otterbein. At Otterbein the posse surrounded the house and rushed in at midnight. Marvin was awake and seized a revolver at his bedside. Before he could fire, Elmer Switzer shot him in the face and the posse closed in. One man jumped from the second-story window and escaped, but the brothers were overpowered after a struggle, in which a number of shots were exchanged. Wounded as he was, Marvin partially shook off the attacking party and shot I. V. Volt in the back and Lewis Jawkins in the arm. Neither was fatally injured.

#### Fire at Phoenix.

Phoenix, B. C., Jan. 19.—Fire tonight caused a loss of \$30,000. It started in McBean & Co.'s dry goods store, spread to the Imperial hotel and thence to the buildings of the Phoenix News Company. Giant powder was used to blow up buildings in the path of the flames. McBean & Co. lost on their stock \$13,000. The loss on the building was \$2,000; Imperial hotel loss, \$10,000; Phoenix News Company, \$2,000; T. A. Hicks, dry goods store, \$1,800. There was partial insurance on some of the buildings and stock.

#### Would Develop Danish Islands.

Copenhagen, Jan. 19.—The leaders of the syndicate of merchants who are petitioning the government to make the investment of Danish capital profitable in the Danish West Indies, declare they have no intention of agitating against the sale of the islands to the United States. Their idea is to develop the islands in the event of their not being sold.

# SPECULATION HAS LAGGED.

### Week of Ebbing Strength in Cereal Markets—Bradstreet's Weekly Trade Review.

Bradstreet's says: Speculation has lagged, but trade on spring account has on the whole improved this week. Southern and Southwestern trade is opening up satisfactorily, and there are better reports received even from the Northwest as to the outlook for spring business. As to retail distribution, conditions are hardly so favorable.

Lumber appears to have been active at the West, and wholesalers have done more at the East, but the export trade lags in this line, as in others.

It has been a week of ebbing strength in the cereals. Argentina reports display an India rubber consistency, and this week has been devoted to stretching estimates of the export surplus from that country. Northwest wheat receipts have also been heavy, and the so-called Wall street interest has been reported to have been liquidating. Flour is dull, but the decline of 10 to 20 cents per barrel has tended to help export business.

The textile situation is not altogether clear. Cotton has weakened on increased stocks at the South.

War, or rather rumors of war, have been the chief subject of discussion in the iron and steel trade this week, and to some extent have exerted a depressing effect on sentiment. New demand at this time, however, is never very large, and conditions as a whole are healthy and even promising. The labor outlook in iron does not promise as well.

Wheat, including flour, shipments for the week were 3,336,054 bushels against 3,061,095 bushels last week.

Business failures in the United States for the week ending number 290, against 322 last week.

Canadian failures for the week number 60, as against 36 last week.
