## OUR CLUBBING LIST.

Weekly Oregonian and BULLETIN... \$2.00  
Three-a-Week New York World and BULLETIN... 2.15

The Weekly Oregonian and BULLETIN \$2 for a year.

## SOMETHING NEW.

Just published by the Southern Pacific Co. is a pamphlet upon the resources of Western Oregon, which includes an excellent map of the state, and contains information on climate, lands, education, etc., existing industries and their capabilities.  
Attention is also directed to such new fields for energy or capital as promise fair return.  
This publication fills a need long experienced by Oregonians, in replying to inquiries of Eastern friends.  
Copies may be had of local agent S. P. Co., or from C. H. MARKHAM G. F. A., Portland, Or.

## A WISE MAN

**From the West**  
Who intends going East will see that his tickets read by way of Salt Lake City and the Rio Grande Western Railway in connection with either the Denver & Rio Grande or Colorado Midland railroads, for these reasons: First, most magnificent scenery in America, en route; second, choice of three distinct routes through the heart of the Rocky Mountains; third, it is the only transcontinental line passing directly through quaint and picturesque Salt Lake—the City of the Saints; fourth, perfect dining car service; fifth, three fast through trains daily between Ogden, Denver and all points East, connecting with all trains of the Southern Pacific, Oregon Railway & Navigation Company and Oregon Short Line; sixth, through Pullman Palace and Ordinary Sleeping Cars from San Francisco, Portland, etc., to Denver, Omaha and Chicago. There are many other reasons why the route through Salt Lake City over the Rio Grande Western Railway is the most comfortable and enjoyable in the whole country. By inquiry, you can learn a great deal on the subject of transcontinental travel. J. D. Mansfield, General Agent, 253 Washington St., Portland, Ore.; George W. Heintz, General Passenger Agent, Salt Lake City.

## RAILROADING PATENTS.

A single firm of Patent Lawyers, C. A. Snow & Co., of Washington, D. C., have in the last year procured 1,639 patents for their clients, many of them for rejected inventions. C. A. Snow & Co. have been accused of railroading patents through the Patent Office, but they insist that this accusation is better than accepting them for by the latter process the inventor often dies before he gets his patent.

Send 50 cents for six months' subscription to The Illustrated Youth & Age; and we will also send it free for three months to three of your friends who are not now taking it.

Weekly Oregonian and BULLETIN only \$2 a year.

Crop conditions in Lane county are exceptionally favorable at the present writing.

+++  
In the election of John H. Mitchell, Oregon once more has a Senator that in point of ability has no superior and few equals.

+++  
The "despised Mitchellites," as some alleged Republicans whereabouts are pleased to term them, seem to be doing pretty well just at the present juncture.

+++  
One of the greatest benefits Oregon will receive from a first-class exhibit at the Pan-American Exposition will be emancipation from the shadow of California, in whose name now many of her finest products are put on the market. When Oregon is known for what she really is, she will stand second to none in the United States in reputation.

+++  
The vanguard of the army of homeseekers that are coming to the Pacific Northwest this season arrived in Portland last week. A \$30 rate from Chicago, with stop-off privilege at any points desired, is the big inducement that is bringing so many this way. It is to be hoped that all purchasers of return tickets via the Southern Pacific will be granted the privilege of stopping off at points through the Willamette Valley without having to pay extra local rates. If some inducement of the kind is not made, this portion of Oregon will receive but little benefit from this added immigration, and Washington and Eastern Oregon will get it all.

## Honor to Whom Honor is Due.

While the "Guard" and "Register" are airing their personal grievances, as they did during the State election, they should be just and give credit where it is due. Is it not a fact that Mr. S. H. Friendly, although not a member of the Legislature, furnished facts and figures that in a great measure influenced the legislative committee to report favorably on the University appropriation bill and the members to vote for it? And is it not a fact that Messrs. Friendly, Chambers and Woodcock are entitled to some credit for the defeat of the attempt by Linn county to annex part of our territory? The BULLETIN does not wish to detract one iota from the splendid records made by Representative Harris and Senators Booth and Kuykendall, at this session, neither does it want to see those gentlemen who sacrificed their time and money for the benefit of the people entirely ignored when it comes to the bestowal of honors.

With this issue the BULLETIN begins the third year of its existence. It will be our aim to give our readers a better newspaper than in the past, which will be possible as its patronage increases, and to devote its columns to the upbuilding of Junction City and this portion of the Willamette Valley. Thousands of immigrants from the Eastern States will visit the Pacific Northwest in the near future looking for locations. The BULLETIN will endeavor to place before these homeseekers the advantages in climate and soil and the wonderful resources of our beautiful Valley. We hope that our efforts in this direction will be appreciated. We thank those who have favored the paper with their patronage in the past, and will try to deserve a continuance of same.

Communications received from Flat Creek and Harrisburg just as we were going to press. We are very sorry they are too late for this issue, as these correspondents always send in good articles. Kindly send in all communications as early as Tuesday of each week, if possible.

## A GENTLE HINT.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful as your druggist will tell you. Get a sample bottle free from Mueller & Hill. Regular size, 75 cts. Get Green's Prize Almanac.

## Farm for Sale.

LAND FOR SALE—480 acres with barn and out buildings, running water, two orchards, 25 acres in farming land, within nine miles of Junction City, for \$1600. Inquire of S. Templeton, 1 1/2 miles southeast of Junction City. No agent.
