HOP SITUATION.

Old Crop Sold and New Crop Being Contracted in Yakima Valley.

NORTH YAKIMA, Wash., March 20.—The hop crop of 1900 has been sold, and contracts are being made for the output of Yakima for the coming season. Buyers from Portland are here cleaning up the remnants of last year. They report only 43 bales of the crop of 1900 on hand. The last sales ranged about 14 cents, although some have been made at 18 cents a pound. The indications are favorable for a good crop this year. All the yards are being cleaned and put in shape. Estimates place the Yakima acreage at 2,400, yielding an average of 1,600 pounds.

One of the most important items for the consideration of hop men is the introduction of the Bohemian methods of curing in the Yakima valley. Senator A. Heinrich, of the Seattle Brewing & Malting Company, conducted a series of experiments last season, and demonstrated that an exact imitation of the celebrated Bohemian hops could be made in Yakima. The hops were cured without artificial heat or sulphur, and were used in making a choice blend of Yakima beer. It is claimed that such hops sell in Seattle for 54 cents a pound.

The Yakima crop for 1901 is placed at from 18,000 to 20,000 bales of 200 pounds each. Contracts are being made at 11 cents for all that can be produced. None but small growers, however, are selling at any price. No new yards are to be planted this season, and none will be plowed up for other crops. Growers state that hops may be produced and prepared for market for 8 cents per pound. When sold at 11 cents they make fair profit, but it is believed the price will rule higher this fall; hence those having large yards are not anxious to contract the coming crop for less than 15 cents.

OUTLAWRY IN THE PHILIPPINES.

Methods Pursued by Tagals to Terrorize Peaceful Natives.

WASHINGTON, March 20.—The records in the cases of 34 Filipino natives, charged with various offenses against military discipline in the Philippines, including murder, treason and other acts of violence, have been received at the war department. These records make plain the methods pursued by the insurgents to terrorize the native inhabitants of the islands, and show cases of atrocities committed upon the latter where they declined to comply with the demands and the exactions of the so-called Filipino government.

In one case nine insurgent sympathizers, fully armed, seized in the night a family of five persons and killed them with oolos. The motive for the murder was the punishment of the family for refusing to pay taxes in support of the insurgent government. The guilty natives were sentenced to hard labor for 30 years. In another case, under the orders of an insurgent lieutenant colonel, a native was seized, bound and made to sit down while a soldier "held his head and with a knife cut his throat." The murderer was condemned to be hanged. Most of the other cases were the murder of innocent Filipinos by alleged soldiers and officers of the insurgent army, several of whom are described as notorious bandits and outlaws. The most atrocious, according to the records, is that of Eusebio Rojas, who was sentenced to be hanged, styling himself a lieutenant of infantry in the insurgent forces under the command of Alejandro. Rojas claimed to exercise summary power over the lives and property of the natives who did not bear arms against the United States, and conceived it to be his duty to murder peaceful and law-abiding people living within his so-called military jurisdiction.

Railroad Machinists Strike.

Iowa Falls, Ia., March 20.—The machinists and boiler makers employed at the Burlington, Cedar Rapids & Northern shops, in this city, have walked out, and will not return to work until the differences between the employes and officials are adjusted. This action follows that of the union men at Cedar Rapids, and it is reported it will be followed by the men at Estherville, Watertown, Albert Lea and other division points.

Fifteen Cars Wrecked.

Chehalis, Wash., March 20.—Local freight train No. 58 was badly wrecked at Newaukum station, three miles south of Chehalis, at 1 o'clock. Fifteen cars were wrecked and a pusher engine turned over on the side. There were no fatalities. A wrecking train is now at work, but the track will not be cleared until early tomorrow morning. Passengers on the trains bound in both directions were transferred tonight.

An Engagement in Panay.

Manila, March 20.—A force commanded by Captain Shanks, of the Eighteenth Infantry, has had an engagement with the followers of Diocino, a noted Tagal leader, in Capise province, Island of Panay. Two of the rebels were killed, and three, including Diocino, were wounded.

MEETING OF THE ENVOYS.

Little Accomplished by the Ministers at Peking.

PEKIN, March 20.—Little was accomplished at today's meeting of the foreign ministers, on account of the delay of the various governments in agreeing to the conclusions reached in the matter of indemnity claims. No minister is allowed full liberty to act for his government, all the instruction being ad referendum. The court ceremonial on the reception of ministers was the subject of conversation, but nothing definite was decided upon.

VICTIM OF LIVE WIRE.

One Fireman Killed, Three Others Badly Hurt.

PITTSBURG, Pa., March 19.—During the progress of a fire today at the corner of Duquesne Way and Fort street, one man lost his life and three others were badly hurt. The property loss will be fully 250,000, well insured.

The fire broke out in the boiler room of the Hiram W. French Company's hair felt factory, just opposite the main exposition building. Through some confusion, no alarm was turned in for some time, and it was fully 20 minutes after the fire was discovered before the engines reached the scene. From the felt factory the flames jumped across the street, and in a very short time the exposition building was burning fiercely. All the firemen could do was to prevent the flames spreading. After hard work, this was accomplished, and machinery hall, with its valuable contents, saved. The main building was a complete wreck.

Two lumber yards adjoining the felt factory soon succumbed. Gallagher & Banker lost 1,000,000 feet of lumber, and Henry Henk 350,000 feet of valuable hardwood. Three small dwellings near the lumber yards were destroyed, but, so far as known, all the inmates escaped.

William Miller and his fellow firemen were victims of a live wire. The intense heat melted the network of wires running in every direction, and one of them in falling struck a trolley wire, the other end crossing the brass nozzle of the hose held by Miller and Snyder. Both men fell as though they had been shot. Shecker and Griffith, in going to the rescue, were also caught, and were badly burned. When the prostrate men were reached, Miller was dead, and two of the others unconscious.

AMERICAN CONSUL ARRESTED.

Imprisoned by Venezuela Without Adequate Cause.

PORT OF SPAIN, Trinidad, March 19.—News has reached here that the United States consular agent at Barcelona, Venezuela, Ignacio H. Baiz, has been arrested by Venezuelan officials and imprisoned without adequate cause. This is the second time he has been treated in this fashion within the last five months, and he will resign unless protected by the Washington government. It appears that several sums of money have been forced from him by Venezuelan officials under threat of imprisonment.

The protests of Mr. Baiz to Washington seem to have met with no response thus far. Three months ago Mr. Loomis, the United States minister at Caracas, made a demand upon the Venezuelan government for an apology for the first outrage, but this communication was quite ignored.

STATE OF SIEGE PROCLAIMED.

Result of Russian Riots Promoted by Students.

ST. PETERSBURG, March 19.—In consequence of the riotous disturbances following the demonstrations promoted by university students the government has proclaimed a state of siege at Odessa, Kieff and Kharkoff. It is reliably reported here that a student died at Kharkoff from injuries sustained in the disorders of March 4 in that city. Eight hundred students of the University of St. Petersburg, virtually all remaining here, met last Friday and resolved not to attend further lectures. The police subsequently arrested 16. Four hundred students of the technological school entered the courtyard of the institution to hold a meeting, and the police inscribed their names. The mining academy is already entirely closed.

It is reported that Count Tolstol, who ever since his excommunication has been loudly cheered whenever he has made his appearance, is taking an active part in the disturbances at Moscow, where the situation is complicated by a strike of the operatives of several large factories.

Explosion on Ship.

New York, March 19.—The steamship New York reached her dock at 10 o'clock tonight, after a passage in which an explosion of an ammonia tank caused loss of life and much damage to the vessel. Her shaft was also broken. As a result of the explosion, 15 men were overcome by the fumes of ammonia on Thursday last, and seriously prostrated, two deaths following. Both victims were buried at sea. Several others were confined to the ship's hospital for some time, and one was still in the hospital when the ship docked.

Trial of Alleged Rebels Begun.

Constantinople, March 19.—It is officially announced here that the trial began at Salonica, March 11, of 19 Bulgarians, accused of belonging to the revolutionary committee at Sofia and fomenting disorder in Salonica, Monastir and Kossovo.

Nine New Cases of Bubonic Plague.

Cape Town, March 19.—Nine new cases of bubonic plague have been officially reported in Cape Town during the last 48 hours. Six of these were colored persons, and three Europeans.

MUST RELEASE BAIZ

Vigorous Protest to the Venezuelan Government

HAS BEEN LODGED BY MINISTER LOOMIS

American Minister Informs South American Government That Interference With Our Officials Must Cease.

WASHINGTON, March 20.—The state department, through Minister Loomis, recently lodged a most vigorous protest to the Venezuelan government against further interference with Mr. Baiz, the United States consular agent at Barcelona, Venezuela. It knows nothing of the last reported infringement of his liberty, but it is presumed that the affair is connected directly with the troubles which led to the first protest. Ignacio M. Baiz is not a citizen of the United States, a fact that may add to the difficulty which our government will expect in protecting him, as it is determined to do. He was born in St. Thomas and is a native Danish citizen, so far as is known here, but, having an exequatur issued by the Venezuelan government recognizing him as a United States consular agent, the state department has decided that he is entitled to the protection of the United States government. It appears that he is engaged in business and became involved in trouble with the Venezuelan military by resisting an attempt to collect a forced loan from him. More than a month ago the state department forwarded its instructions to Minister Loomis to represent to the Venezuelan government that these annoying interferences with our officials must cease, but so far no results have appeared.

Morocco Must Pay.

Washington, March 20.—The state department is giving renewed attention to the settlement of the claims against the government of Morocco. The claim of Marcus Ezagui, who was murdered at Fex in June last, has been adjusted by the payment of \$5,000, but there are other claims equally meritorious which have not been satisfactorily adjusted. Recently the state department gave these consideration, all efforts on the part of Mr. Gummere, the consul-general at Tangier, to adjust them having proved ineffective. Under these circumstances, a special mission seems near. Instructions to this end today were sent to Mr. Gummere, as well as a further instruction to demand an apology for an apparent discourtesy on the part of the grand vizier and the minister of foreign affairs in attempting to defeat the purpose of the state department to dispatch a special mission to Morocco City. The armored cruiser New York, with Admiral Rogers aboard, is rapidly nearing Gibraltar, with every prospect of reaching Tangier by the end of this week. She will take Mr. Gummere aboard and convey him to Mazargan, where the consul-general will disembark and go overland to the Moorish capital. The New York will remain at Mazargan under his orders until some sort of settlement is reached, and Mr. Gummere was today notified to this effect.

Peru Settles a Claim.

Washington, March 20.—United States Minister Dudley, at Lima, Peru, cabled the state department today that the government of Peru had offered to settle for 3,000 soles the Powkes claim, and he was immediately instructed to accept the offer. The claim originated in 1894. W. A. Powkes was an American merchant living at Tumbes, and the military authorities subjected him to a forced loan and imprisoned him for 24 hours. A claim was preferred against Peru for \$5,000 on his account, but that government proffered 3,000 soles (a sole being equivalent to 48 cents), and the claimant expressed his willingness to accept that sum.

TRIED TO BRIBE OFFICER.

Japanese Who Was Smuggling Chinese Into United States.

PORT TOWNSEND, Wash., March 20.—Several days ago word reached the customs authorities that wholesale smuggling of Chinese cannerymen across the line was about to be inaugurated. As a result, the revenue cutter Grant was sent out to patrol the Straits of Fuca and the channels between the island and British Columbia. Extra precautions to guard the boundary line have also been taken. Three Chinese who were being smuggled across by a Japanese were captured today. When taken, the Japanese offered the United States officer a bribe, but was placed under arrest at Northport and two charges preferred against him, one for unlawfully aiding Chinese to enter the United States, and one for attempting to bribe a United States officer. The Chinese were ordered deported.

Shot by Desperados.

Red Rock, Okla., March 20.—Albert Bateman was shot and killed at 8:30 o'clock tonight by two desperados in the store of Swartz & Co. The desperados were robbing the store, when Mr. Bateman, who is the manager of the Foster Lumber Company's yard at this point, happened to step in, and, taking in the situation, opened fire on them, wounding one of them in the arm. Both the robbers opened fire on him, and he fell, pierced by two balls. The robbers secured \$350, and made their escape. Officers from Ponca and Perry have started in pursuit.
