An Albany paper, in speaking of the punishment that should be meted out to Aguinaldo, says that he ought to be made to live in Corvallis for two years.

The last number of the Florence "West" contains a good write-up of Lane county's resources. That's right, Bro. Weatherspoon. The Bellairs has been on the same tack for the past two months.

Now that Aguinaldo has taken the oath of allegiance to the United States, it is time to quit comparing him with George Washington. Does any one believe that had Washington been captured by the British, he would have sworn allegiance to George III.? Never!

The Oregon Railway & Navigation Company has just issued a 64-page booklet, entitled "Oregon, Washington, Idaho, and Their Resources." It is printed on fine paper and is replete with beautiful half-tone cuts of scenes descriptive of the industries of the Pacific Northwest. The book also contains a large map of these three States, which has been recently revised and which can be relied upon. Any one desiring a copy of this book for their own use, or to send to friends in the East, can obtain same by sending six cents to cover postage, to A. L. Craig, General Passenger Agent, Portland, Ore. Every reader of the Bulletin should take enough interest in the development of the country in which he lives to send in the name of some person living in the East, together with 6 cents.

Ready-to-wear clothing has many advantages—the most prominent of which is that it is ready to wear. There's no waiting, no fussing because you don't get your clothes when promised, and the moment you see a ready-to-wear suit you know whether or not you like it. We keep but one quality—the best. S. H. FRIENDLY, Eugene.

The receipts from the Postoffice of Eugene for the past year passed the \$10,000 mark which entitles us to free city delivery. It is probable that the system will be established here. The council will require the houses to be numbered if the delivery is established—Eugene Register.

There is nothing new that can be said in favor of the "Rambler" bicycle. It has been on the market twenty-two years and during all of that time has been the favorite with bicycle riders. The new 1901 Rambler "Special" is four or five pounds lighter than any Rambler ever before turned out, and as true as steel and skill can make them. Call at Wright's furniture store and see them.

Sunday-School Rally.
The Executive Committee of the Lane County Sunday-school Association met in Eugene March 15, and decided to hold the county convention in Eugene on the 24 and 25 of May. All district presidents are requested to hold district conventions prior to the 1st of May.

Wm. Pitney,
Secretary of Lane County Sunday-school Association.

A GOOD THING.
German Syrup is the special prescription of Dr. A. Sarsche, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boesche's German Syrup was introduced in the United States in 1898, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. For sale by Mueller & Hill. Get Green's Prize Almanac.

Weekly Oregonian and Bulletin only \$2 a year.

Notice to Taxpayers.
The 1900 assessment rolls are now open for the payment of taxes.

3 Daily Trains Between Ogden and Denver

The increase in transcontinental travel by the way of Salt Lake City in consequence of the scenic and other attractions of the route, has recently justified the Rio Grande Western Railway—in connection with the Denver & Rio Grande and Colorado Midland Railroads—says the Salt Lake Tribune, in establishing a triple daily fast passenger service between Ogden and Denver. All of these trains are equipped with the latest appliances, improvements and

J. H. Miller invites the people of Junction and vicinity to call and see the new 1901 Rambler bicycles. If you are thinking about buying a wheel it will pay you to look at the Rambler before you make a purchase. Just notice the number of these wheels in use. That is the best advertisement it can have.
