**Weekly Crop Bulletin.**

U. S. DEPARTMENT OF AGRICULTURE,  
Portland, April 29.

**GENERAL SUMMARY.**

As a result of the rains, crops in general made rapid advancement.

Fall wheat, rye and oats are in excellent condition and have a good, healthy color. There are no complaints of damage from insect pests, except in a few scattered sections of Morrow county, where wire worms are reported as having caused slight damage.

Spring-sown grain is stooling well, and in some localities has appeared above the ground.

Oats are nearly all sown.

Hops have made satisfactory advancement during the week, except on high ground, where the growth has been rather slow. The crop has a healthy color and is remarkably free from lice. The training of the vines is practically finished in all of the larger yards. There are a few complaints of missing hills, but the correspondents are of the opinion that these will come up with the advent of warm, sunny weather.

Corn and potato planting have been in active progress since the rains. Gardens have made rapid growth.

Clover and alfalfa are doing well, and there has been a general improvement in the condition of pasturage.

Raspberries, strawberries and apples are in full bloom.

**A PLEASANT WAY TO TRAVEL.**

The most delightful route of travel to the East is by Salt Lake City—the city of the Saints—and the Rio Grande Western Railway, in conjunction with either the Denver & Rio Grande or Colorado Midland Railroads. This route not only carries the passenger through the heart of the Rocky Mountains and in view of the most magnificent scenery on the continent, but it also provides for stop-over on railroad and Pullman tickets at quaint and picturesque Salt Lake City, Glenwood Springs, Manitou, Denver, etc. Through Pullman Palace and Ordinary Sleepers, Free Reclining Chair Cars and a Perfect Dining Car Service via this route to Denver, Omaha, Kansas City, St. Louis and Chicago. Personally conducted weekly tourist excursions. For printed matter, rates, etc. inquire of J. D. Mansfield, General Agent, 122 A. Third St., Portland, or Geo. W. Heintz, General Passenger Agent, Salt Lake City.

**GOOD ADVICE.**

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than 75 per cent. of the people in the United States are afflicted with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Constipation, Palpitation of the Heart, Heartburn, Water brash, Graving and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, etc. Go to Mueller & Hill's and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Prize Almanac.

There is nothing new that can be said in favor of the "Rambler" bicycle. It has been on the market twenty-two years and during all of that time has been the favorite with bicycle riders. The new 1901 Rambler "Special" is four or five pounds lighter than any Rambler ever before turned out, and as true as steel and skill can make them. Call at Wright's furniture store and see them.

**"Put Me Off at Buffalo."**

We are in receipt of a souvenir booklet, just issued by the Pan-American Exposition, which tells a very charming story of its history and creation and describes the beautiful city in which the festival has been developed and brought to completion. The booklet is embellished with many illustrations, including twelve colored plates of Exposition buildings and views. These will be sent free to applicants by the Bureau of Publicity so long as the edition lasts. All the principal buildings of the Exposition have been completed for some time. Some of the afterthoughts, such as State buildings, will not be done till about May 20, which is to be Dedication Day.

The particular novelty that is to be noted in this Exposition is discovered in the fact that in its exterior aspect it is a radical departure from former expositions. The buildings are arranged upon a harmonious and well-developed plan, producing court settings and vistas of very charming character. The musical features are also of great importance and interest. The exhibit divisions are very complete and embrace the gamut of industrial, scientific and artistic activities of the people of the Western Hemisphere. The Midway, claimed to be the greatest in the world, has more than a mile of frontage. The restaurant features are perfect and the Exposition, so far as human ingenuity and the wise expenditure of money can accomplish such a work, is complete to the last detail.

Buffalo, too, is an ideal city for an exposition, having a summer climate that is tempered by the breezes from Lake Erie and, therefore, the most comfortable in which one may enjoy his summer outing. The people of the city have prepared themselves in a most ample way to entertain millions of guests during the Exposition. A number of responsible companies have organized to find accommodations for visitors at any price they may desire to pay. The offices of these companies are centrally located and this system of management promises to bring very satisfactory results to all concerned.

The Weekly Oregonian and BULLETIN \$2 for a year.

**It is 8,000 Miles Long.**

The Burlington Route ranks among the greatest of the world's railroads. Over 8,000 miles long; employing 35,000 men; reaching 1,300 towns and cities in the eleven states traversed by its lines; having through-car arrangements which extend more than half way across the continent and earnestly striving to give its patrons absolutely unequalled service, it is the line YOU should select, next time you go east.

Omaha, Chicago, Kansas City, St. Louis—and EVERYWHERE beyond.

A. C. SHERIDAN, General Agent, Cor. Third and Stark Sts., Portland, Ore.

Editing this paper is not a nice thing. If we publish jokes, people say we are rattle-brained; if we don't, we are an old fossil. If we publish original matter, they say we don't give them enough selections; if we give them selections, they say we are too lazy to write. If we don't go to church, we are a heathen; if we do, we are a hypocrite. If we remain in the office, we ought to go out and hustle for locals; if we go out, then we are not attending to our business. If we wear old clothes, they laugh at us; if we wear good clothes, they say we have a pull. Now, what are we to do? Just as likely as not some one will say we stole this item from an exchange—and so we did.

Now if Junction City Camp, No. 446, Woodmen of the World, would do the right thing they could have a good time at the Woodmen picnic at Dusty June 1. There will be a "tug of war," chopping and sawing contests that day, and it would be hard to find a team anywhere in the state that could beat such men as George Morgan, Sam Robinson, G. W. Wright, Frank Hyland, Milt Cook, and others like them, all members of "446," chopping, sawing, tugging, or any other old thing. Another good man of ours, J. J. Darnelle, is on the sick list, but Junction City Camp can find enough men to carry off the honors. A pleasant day could be spent if the boys would all take part.
