## POSITION OF THE S. P. COMPANY

As will be seen by the phonographic report elsewhere, Farmer Smith scored his brethren of the soil for not attending the meeting in greater force than they did. He attributed it to prejudice; that because he is in the employ of a railway company. That the S. P. has no other motive than the good of the farmers there is no doubt. Not because it loves Caesar less, but because it loves Rome more; it wants to increase its business, and it cannot do that unless the farmers and the people generally of the Valley are highly prosperous. Pussu rubs up against your leg. You say: "Oh! what a lovin' cat." No; pussu does that because it pleases its self. We all rub up against one another in business for profit. The Bulletin, too, wants great prosperity here. How are financially poor farmers going to take the paper and pay their subscriptions promptly? In some localities in the East and South, those who publish the papers take wood, hams, everything, on subscription, except the smallpox, and they would take that if there was any money in it. We want cash, right now, not because our bank account is not plethoric, but because we are not so sure we shall meet all those in heaven who owe anything.

We would gently call the attention of the "workers" of the Capital Journal to the fact that morose mirages incident to the practice of many who narrow "the working" down to meal times chiefly. The effects of dyspepsia are frightful. Perhaps the "workers" of the Journal need a good cook.

The Bulletin has bounced "A GREAT POSSESSOR OFFER DIRECT FROM THE MILLS," an advertisement relative to the sale of hosiery, because of "Empire Knitting mills, Heller, Hass & Co., proprietors, New York," having failed to liquidate for the insertion, per contract. In making the "insertion" we 'put our foot in it,' in The Bulletin, not in the hose.

From abroad come propositions to furnish The Bulletin with editorial and other reading matter for small compensation or immortality in the form of advertising in this paper. They are mistaken in the place. The Bulletin is not a 2nd sewer. These are elsewhere along the line of journalism. We do our own thinking and mean what we say. Meanwhile, The Bulletin is open to the publication of articles from its readers everywhere on the vital questions of the day, and we would be pleased to have them sent in often. But we do not want articles from a burro, or bureau as it is expressed.

There is nothing new that can be said in favor of the "Rambler" bicycle. It has been on the market twenty-two years and during all of that time has been the favorite with bicycle riders. The new 1901 Rambler "Special" is four or five pounds lighter than any Rambler ever before turned out, and as true as steel and skill can make them. Call at Wright's furniture store and see them.

## THE HOME GOLD CURE.

IN GENUINE TREATMENT BY WHICH DRUNKARDS ARE BEING CURED DAILY IN SPITE OF THEMSELVES.

NO NOXIOUS DOSES—NO WEAKENING OF THE NERVES—A PLEASANT AND POSITIVE CURE FOR THE LIQUOR HABIT.

It is now generally known and understood that drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by the wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

Wives cure your husbands! Children cure your fathers! This remedy is in no sense a nostrum, but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "Cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. Do not wait.

Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The "Home Gold Cure" is sold at the extremely low price of one dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepared to any part of the world on receipt of one dollar. Address Dept. E622, Edwin B. Giles & Company, 2330 and 2332 Market St., Philadelphia.

All correspondence strictly confidential.
