CROP REPORT.

The United States Weather Bureau reports the conditions of crops in Oregon, which in part, says:

The past week, although averaging about 5 degs. warmer than the previous one, was still slightly cooler than usual at this season of the year. The maximum temperatures during the week in Western Oregon ranged between 60 and 83 degs., and the minimum temperatures between 40 and 54 degs. Numerous small showers occurred during the fore part of the week in nearly all parts of the State, but it closed dry and with an abundance of warm sunshine. Light frosts occurred the morning of the 4th in a few elevated regions, but they did but little damage.

Haying has progressed rapidly, and much of the crop has been safely secured. In most portions of the Willamette Valley it is extra heavy, while in the Coast region and Eastern and Southern Oregon it averages less than usual. Pastures are holding out well, except in Coos county, where a shortage is reported, which will cause some shrinkage in the milk supply in that section.

The fall grain harvest has begun in a few places in the Willamette Valley and the crop is extra promising, while in Eastern Oregon the few hot days of the week, following as they did a protracted cool and windy spell, have been unfavorable, and the grain is not filling as well as usual, and the opinion prevails that in Umatilla and the neighboring counties the crop will be somewhat short of former expectations. The Hessian fly is reported to have done some damage to fall wheat near Day's creek, in Douglas county, but no complaints regarding this pest have been received from any other section of the State. Spring wheat, oats, barley and hops are everywhere doing nicely. Corn has improved and late potatoes are making good advancement. Sugar beets in Union county have also made a good growth and the crop promises well.

Monday was pay day at the Creamery, and \$1700 was distributed among the patrons of that institution, of whom there are 150 at the present time.

THE HOME GOLD CURE.

IN INGENUOUS TREATMENT BY WHICH DRUNKARDS ARE BEING CURED DAILY IN SPITE OF THEMSELVES.

NO NOXIOUS DOSES—NO WEAKENING OF THE NERVES—A PLEASANT AND POSITIVE CURE FOR THE LIQUOR HABIT.

It is now generally known and understood that drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of inebriates.

The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

Wives cure your husbands! Children cure your fathers! This remedy is in no sense a nostrum, but is so efficiently devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "Cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. Do not wait. Do not be deluded by apparent and misleading "improvement." Drive out the disease "improvement." Drive out the "Home Gold Cure" is sold at the extremely low price of one dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepared to any part of the world on receipt of one dollar. Address Dept. E-22, Edwin B. Giles & Company, 2330 and 2332 Market St., Philadelphia.
