The official route of the large delegation of Christian Endeavorers from California is the Southern Pacific via Salt Lake City, Rio Grande Western, D. & R. G., and Burlington Route via Chicago, and the excursion party from Portland will join the Californians at Salt Lake City and go East from there in a body, enjoying all the pleasures and conveniences of the trip as already decided upon by the Delegation from California, and it is said to be one of the most interesting and complete itineraries ever arranged by an excursion party to the East. SERIOUS ACCIDENT.

Cary, the 7-year-old son of John Strome, one of our prominent farmers, residing about one mile southeast of town, met with a terrible accident Monday evening. At the time it occurred Mr. Strome and son were riding along the county road near the Cleek residence, two miles northwest of town. The boy was riding his white pony, and thinking to quicken the pace started the pony to galloping. The pace must have been a little speedier than Cary was used to, for he conceived the idea that the pony was running away with him, and he jumped from the animal's back, landing so as to break one leg between the knee and hip and frightfully lacerating the scalp. He was brought to town, and Dr. N. L. Lee sewed up the scalp wounds and set the broken member. At last accounts the boy was doing nicely.

A WORTHY SUCCESSOR.

"SOMETHING NEW UNDER THE SUN."

All Doctors have tried to cure catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes, causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure" and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect catarrh cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve hay fever or cold in the head. Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure catarrh. In any form or stage if used according to the directions which accompany each package. Don't delay, but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles the Guaranteed Catarrh Cure."

Sent prepaid to any address in the United States or Canada on receipt of one dollar. Address Dept. E622, Edwin B. Giles & Company, 2330 and 2332 Market St., Philadelphia.

CROP OUTLOOK.

It is estimated that the wheat crop of Lane county this year will amount to 800,000 bushels, or more than an average crop. About 500,000 bushels will be for export. Other crops promise equally as well. Oats are filling better than usual, and will yield a good crop. The hay crop is being harvested, and will be the largest for years. Hops are doing well where they have been properly tended, and vegetables of all kinds are yielding abundantly. The fruit crop is one of considerable importance, and will turn out well. Especially is this true of prunes, the principal export fruit.—Guard.
