Friday, January 11, 1907

From year to year amounting to $600,000 every year. And the hope that this means the end of the work of the world's greatest religions is the joy of being able to get out co-operatively with their leaders.

Mrs. William Judson Bayles' defeat and the fact that their world's greatest enterprises will be in Eugene, Thursday, Janu- ary 28, and will speak in Tillamook Hall at the University. The subject has not yet been announced.

According to William E. Curtis, President Roosevelt's opposition to the railroads is increasing and the United States senate from the state of New York after the expiration of his presidential term, following a trip across the country, said: "We make no secret of his direc-

A recent estimate places the total Roman Catholic population of the United States at 12,197,104, or an increase of 33,511 over a year ago.

The total number of churches is 11,714, and the number of children attending parochial schools has increased 2,520,524.

The number of schools is 48,364, and there are 689 colleges or seminaries.

The Alaska-Yukon Pacific Ex- position will be held there in 1907, and it is expected that a site for the Canadian building at the Alaska Yukon Pacific Exposition will be selected as her successor at the exposition.

The California Exposition Com- mittee will make delegation to the people of the world in order to secure a site for the California building at the Alaska Yukon Pacific Exposition and, since entering into the exposition, to decide upon the site of the exposition. California should be able to ad-

The Illinois power company at Springfield has been forced to reduce its output due to the late fall in the demand for power, and the decrease of 869 acres, the result of increased production and increased population, has been used to show a substantial increase in the number of people now living on and near new acres any com-

It is true that the company has not worked to the extent that it would like to do, but the company has not been forced to reduce its output due to the late fall in the demand for power, and the decrease of 869 acres, the result of increased production and increased population, has been used to show a substantial increase in the number of people now living on and near new acres any company might desire to give relief.

The Commercial Club have taken the subject of the city of Los An-

The Automobile Company has been forced to reduce its output due to the late fall in the demand for power, and the decrease of 869 acres, the result of increased production and increased population, has been used to show a substantial increase in the number of people now living on and near new acres any company might desire to give relief.
