A CHANCE FOR CO-OPERATION.

A committee of the Springfield Development League spent over an hour Monday afternoon conferring with a combination of representatives of The Lane County Chamber of Commerce and of Eugene in maintaining a representative of Lane County at the Panama exhibition for the next ten months to advance the public interest in the eight counties in the Willamette Valley joint exhibit have arranged for the conference and at the fair the Lane County did not make any arrangements for the advancement of the exhibits for the representation.

The combination committee did not feel like assigning the work of seeing that the official Willamette Valley map was shown. On this map the name of one town is used and there is nothing to indicate that there is any difference in size or commerce. They feel that no individual promotion work was to be allowed in the Willamette Valley. The same is true of the individual articles shown to be "Signed in the Willamette Valley, Oregon, by...", with name and post office.

Whether Springfield goes into this plan or not it is felt that no agency or organization should provide any means of advertising the town among those who are coming west. There are dozens of cities by the name of Springfield, known to thousands and thousands of people. The very name "Springfield" will be familiar to many and will accordingly attract their attention. To capitalize this interest should be the purpose of a carefully planned campaign, which the Springfield group left for the other Springfield will stop off to see their own town's nameake here in the west.

Lane County, as a part of the Willamette Valley, will not depend in advertising on all those values learn all that can about our own resources. It is no more than Springfield's interest to get the same kind of information by the means of a well informed representative to be present at the Oregon exhibitions, and the questions of those attracted by the Willamette Valley exhibit.

In addition to this, Springfield ought to cut out an advertisement in the Oregonian this week, and those expecting to come in the west, so they will be able to get a personal inspection. Calling for them after they get here ought also to be included in the plans for advertising.

Springfield has profited in the past by the general advertising for Lane county gotten out by other organizations. Now the report is that while advancing their own interests, help in promoting the welfare of the whole county.

EATON WRITES OF LEGISLATIVE WORK

Salem, Ore., Feb. 16. (Special Correspondence to The Lane County News, Springfield, Ore.)—Feb. 15 was closing day of the Legislative session. The bill for 1915 has been slightly advanced since the adjournment of the Senate, and matters are moving, together with the House, from the Senate. It is believed that the bill for the Springfield purposes will be in the Senate when the Senate, have made it clear that the Senate is beginning the night session, so that a number of bills shall be taken up now, for the purpose of consideration. The Springfield School Board is still leaning toward the idea of extending the calendar year, and the Springfield legislation bills that have been passed by the Senate.
