No Room For Them in College Papers

The National Wholesale Liquor Dealers' Association has been offering to supply editorial matter to college papers. A certain state university reports that an article was submitted labeled "Editorial No. 1," with the word that other editorials would follow. The student editor promptly rejected the contribution in language, it is said, impossible of more than one interpretation.

Hard Pressed.
The latest move of the liquor men is a search for physicians who are willing to come forward in the defense of alcohol. To this end the secretary of the Wholesale Liquor Dealers' Association is sending out letters to the medical fraternity in this and other countries. This hand-picking among the doctors will, no doubt, prove somewhat disappointing to the "trade."

Tax Rate Decreasing.
That prohibition reduces the tax rate is shown by the situation in Rockford, Illinois, which has been dry for several years. Last year the tax rate was lower than that of any other city in the state of the same size, except Jacksonville, also a dry city. This year it is still lower—despite the fact that Rockford spent more in public improvements in 1914 than in any previous year. When taxable property increases as it does under prohibition regime, the tax rate naturally decreases.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

A. C., and the meeting Friday night was the first session of his college fraternity that Superintendent Kirk had attended in 13 years. He returned Saturday noon.

News From Springfield High School

The members of the botany class with their teacher Mr. Stroud went to Pruneville Wednesday. They secured a number of flowers, plants and twigs which will be used in special study.

The Oregon Trail walking circle, a group of girls under the leadership of Mae Lyon, pathfinder, went to Eugene Thursday afternoon.

The basket ball baskets have been placed on the tennis court recently and the game in the open air is becoming very interesting. During this week and on the girls will play on the ground from two to three nights a week.

The Juniors held a meeting Monday evening. No one knows what happened at this meeting except the Juniors and they

could not be persuaded to unfold their secrets to the news reporter.

A number of high school students went to Creswell in a body Friday night to attend the Evans meetings there.

Mr. Kirk's division of the Literary society will give a program next Friday evening. Every one is invited to attend these programs.

Director M. J. Drury was a high school visitor Wednesday afternoon.

Directors Thos. Sikes and Dr. Pollard visited the various high school classes Friday afternoon.

The Student Body voted Thursday to secure a ball and bat for the Oregon Trail indoor base ball circle.

Out of the Joke Book

"Your name?" asked the teacher, registering a new pupil.

"Arthur."

"And what is your first name?"

"Brown."

"Oh, haven't you got that wrong? I think Arthur must be your first name, and Brown your family name. Isn't that right?"

But the small pupil was not persuaded. A day or two later he announced:

"Teacher, mother says Brown is my first name. She says I got that name when I was born and she didn't name me Arthur till three months later!"—Everybody's.

They Are Sometimes Painful
Helen's father was a physician and she had always been interested to hear him and her uncle "talk medicine."

"I wish you would go with me to Doctor Wilson's," her father said one day to her uncle. "He has an informal gathering. I shall go about seven o'clock."

"O, father," said Helen, "what is an informal gathering? Is it anything that has to be lanced?"

Dear Old Lady (with a view to a little moral teaching)—Now do either of you little boys say naughty words?"

Elder Brother—Well, mum, I ain't much of a 'and at it myself, but young Bill here is a treat. Cuss for the lady, Bill—Butterfly.

"Mr. Biggins has no sense of humor," said the comical chap. "He never laughs."

"Perhaps," said Miss Cayenne, "he has the delicate sense of humor that enables a person to know when not to laugh."—Washington Star.

Carrying a Joke Too Far
"What do you think of the jokes Bill brought over from England?"

"I think they were pretty far fetched."—Princeton Tiger.

Double Trouble
"We've got a great road now," said an enthusiastic Western railroader to his friend. "We've got it double-tracked clear through to Chicago."

"H'm," said the friend. "I don't see what you want of a double track. You can't keep your trains on one."

Worried.
"Miss Rogers," said Belle, wiping her hands on her apron, "you just got to git rid o' that trifling Jim Johnson or I leave you."

"What's the trouble, Belle?"

"Why, that colored trash is stealin' from me same as if I was white!"—Everybody's.

SOCIAL NOTES

LOCAL DRUGGIST MAKES MANY FRIENDS

M. M. Peery reports he is making many friends through the QUICK benefit which Springfield people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowels. JUST ONE DOSE of Adler-ika relieves constipation and gas on the stomach almost IMMEDIATELY.
