

# THE LANE COUNTY NEWS

Continuing the Springfield and Lane County Star, Which Were Consolidated February 10, 1914

Entered February 21, 1903, at Springfield, Oregon, as second-class matter under act of Congress of March 3, 1879

SPRINGFIELD, LANE COUNTY, OREGON, MONDAY, MAY 10, 1915.

VOL. XIV. NO. 28.

## HELPED FROM RACE IN NICK OF TIME

University Students Unable to Right Canoe, and Go Down Twice—Calls Heard and Heeded in Time.

Paul Scott and Miss Lola Barr had a narrow escape from being drowned in the mill race near the University of Oregon when a canoe in which they were riding struck an obstruction and was overturned. Each time they came up it was underneath the overturned canoe, and they were not able to right the craft.

Their cries brought a nearby resident, who had a long pole at hand and with it helped each to the shore.

Having nearly a half hour to wait for a car, a ride had been suggested, and they had not gone far until the boat was overturned.

Both were quite ill for a day or two from the effects of the shock.

## INDICATIONS ARE FOR A SHORT HOP CROP

J. L. Clark, who has been at Salem for the past several weeks assisting in the organization of the Oregon Hop Growers' association, returned home Friday evening. He states that 75 per cent of the capital stock of the association has been sold, and the association will have about 40,000 bales of hops to sell this fall. The crop, reports from the whole valley show, will be short, due to dry weather.

## Bees Hold Rep. Fenwick Captive

Rep. M. Fenwick has a fancy fruit farm over on the McKenzie, a short distance from town, in which he takes great pride, and of course he keeps a few stands of bees. Saturday afternoon he received some fine Italian queen bees and with Mrs. Fenwick, took them out and introduced them to the colonies there.

For some reason the bees did not take kindly to their new rulers, and swarmed about the place, punishing every moving thing they could find. So angry were the bees that Mr. Fenwick did not dare to hitch the horses to come to town.

When darkness had descended and the bees had gone to slumberland, as all good bees should, the captives fared forth for a belated drive home.

## G. A. R. TO LAY PLANS FOR MEMORIAL DAY

Plans for the observation of Memorial day will be made at the meeting of the local G. A. R. Post on Friday, May 20, the next regular meeting. Commander Dorrity urges that all members of luka post be present at that time. He asks also that all the sons of veterans attend on that date.

A very enjoyable dinner and a profitable session were held by the post and circle last Friday afternoon.

**Buys Blodgett Farm.**  
William McBea on Saturday purchased the Blodgett farm on the Coburg road, north of Springfield.

## CREAMERY MOVED TO NEW LOCATION

Sanitary Conditions a Feature Well Considered in Design of Building—Will Be City Milk Headquarters.

Moving of the machinery of the Springfield Creamery to the new concrete building erected by Messrs. Long and Cross was completed Saturday night, and it is ready for business this morning. New equipment has been added until now it is one of the most complete creameries in the valley.

The new building has concrete floors for the creamery rooms, so laid that they may be scrubbed out with a hose as frequently as desired. Pipes carry hot and cold water to all parts of the butter room, and conduits carry all electric light and power wires. A large cold storage room will keep the finished product cool until ready for delivery.

The Springfield Dairy will have space in the creamery for cooling and bottling tables, and will also have the use of the cold storage room.

The creamery company was organized five years ago and has enjoyed a consistent growth in its business ever since.

## GOES FISHING FRIDAY: GETS THIRTEEN FISH

Ed. Tibbetts had a very successful fishing trip last week even if he did go on Friday. And to break the hoodoo he caught 13 fine fish.

## BUSINESS MEN TO MEET MORE OFTEN

Will Have Luncheon Served at Meetings Held Twice a Month—Make Effort to Secure Another Train for Springfield.

Meetings twice each month, with a luncheon served each time is the program decided upon by the Springfield Business Men's club at its regular monthly session last Thursday evening. The presence of an ample supply of eatables made for a rapid completion of the business at hand, and impelled the adoption of the new plan of procedure.

Don Jolley, the sugar beet agent, was present and talked informally with the members, but did not make a general address.

Reports that the Southern Pacific is contemplating changes in its time card that would make possible the sending of another train to Springfield were referred to the executive committee with instructions to do all possible to have this train tie up here.

## F. U. FULLER SELLS HIS FISH MARKET HERE

A deal was completed the last of the week whereby F. U. Fuller disposes of his fish market on Fifth street near Main to J. H. Moore, who took possession this morning. Mr. Fuller opened the market about a year ago, and has built up a fine business in fish and poultry.

## \$5 Bill Safe on a Springfield Walk

Snugly hidden in a broad expanse of open cement sidewalk, just where he had dropped it several hours before, G. F. Hartley, a Camp Creek farmer, on Friday found a perfectly good \$5 bill. Scores of persons must have passed the valuable piece of green paper, and two women not ten feet away saw the recover of the money, yet no one had picked up the treasure. Just how it happened that no one noticed the money has not been explained.

Mr. Hartley had a check cashed early in the morning and then took the car for Eugene. On his way he missed the five, and had given it up as gone, and on his return to town told several persons of his loss. About noon he was walking on Main street near Fourth, just where he had taken the car, and there, in plain sight was the money he had lost. It had probably been drawn out of his pocket when he was looking for car fare.

## BROWNING BACK IN REAL ESTATE GAME

J. J. Browning, formerly in the real estate business in Springfield, and recently returned from a year at Petaluma, California, has become associated with E. E. Morrison in his real estate and brokerage business, and the firm will be known as Browning and Morrison. Mr. Browning will look after the real estate end of the business particularly, and Mr. Morrison will handle the brokerage end, which at this time is concerned particularly with the placing of potato seed and the contracting to buy potatoes. Just last week Mr. Morrison sold a ton of seed potatoes to A. J. Mackey, a farmer living near Junction City.

## WANT A CROWD TO GO TO THE COAST

W. H. Jenkins, traveling passenger agent of the Southern Pacific company was in Springfield Friday to see if there is enough interest in the Rhododendron festival at Florence on May 22 and 23, to run an excursion from this point. A fare of \$3 for the round trip to Florence, including the trip down the bay from Mapleton to Florence, has been granted. The hours for the departure and return of the special train have not been determined as yet. Mr. Jenkins left the local end of the plan in charge of J. W. Machen.

## SCHOOL GIRL INJURED WHILE ON PLAYGROUND

Bertha Ferguson, 8-year-old daughter of Mr. and Mrs. John Ferguson, sustained painful injuries to her nose and face Friday afternoon while playing on the grounds of the Lincoln public school. She ran in line with a swing in which Agnes Hayse and Zella Shafer were swinging, and was struck just below the eye by the body of the swing. The school physician was called and the patient was taken to her home in an automobile. She was getting along all right at last reports.

**Catch 22-Pound Salmon.**  
Merritt Tule and M. M. Mackey caught a 22-pound salmon in the McKenzie at Deadmond's ferry Thursday. They were over an hour getting the game out of the water, and it was only by the most careful work that the prize was landed.

**Buys Quarter Acre.**  
On Saturday C. E. Sales, proprietor of the Toggery, bought a quarter acre of land from Willis Nickerbocker. The land lies north of the Lincoln school.

An adjourned meeting of the Springfield Development league will be held at the League rooms at 8 o'clock tomorrow evening.

## CANDIDATES FOR SCHOOL OFFICERS

Baseball Engrosses Interest of Students—Seniors Challenge Faculty to a Game—Annual is Now Being Printed.

In a meeting of the Student Body Association Friday evening at Springfield high, the following students were nominated for next year's officers:

- President—Orson Vaughn, Norton Pengra, France Travis.
- Vice-president—Winifred May elected.
- Secretary—France Travis, Elsie Holverson.
- Treasurer—Max Green, Norton Pengra, Floyd Bartlett.
- Editor-in-chief of High School Annual—Orson Vaughn, elected.
- Yell Leader—Herbert Moore, John Soleim, Willie Machen, George Carson.
- Business Manager of Annual—Winifred May, Creede Brattain, John Soleim, Willie Hill.
- Basketball Manager—Creede Brattain—elected.

## HIGH SCHOOL NOTES

The work on the Annual is well under way and will go to the press this week.

In a base ball game with Santa Clara Friday afternoon the Springfield High school team was defeated by a score of 12 to 2.

The High school team played well in the game with Junction City Saturday even if it was defeated. The score was 12 to 8 favoring the visiting team. The boys are compelled to work against a great many odds to play at all and they are not in the least discouraged. If they had good grounds and every chance for winning and were unsuccessful, they would have reason for discouragement. But as it is, the school has no suitable grounds for baseball practice and consequently has not been as successful along this line of athletics as it might have been had it a good baseball diamond.

Mr. Titus, the janitor was ill a greater part of last week and unable to assume his duties. He was with us the last day of the week.

There will be a baseball game between the Seniors and the Faculty Thursday afternoon on the Fifth street grounds. Both teams will be characterized by a number of "star" players and it will be worth your while to be present.

A number of exhibits are being prepared by the Commercial Department for the Industrial Fair in Eugene, Friday and Saturday.

Walter Bailey took charge of the class in Commercial Law Friday in the absence of Mr. Kirk.

## Waiting for Ice Machine.

Swarts & Washburne have almost completed the installation of their new meat market in the Hill building at Fourth and Main streets, and now are waiting for the ice machinery to arrive. It may come in a few days and it may be a week before the equipment can all be in place.

## Chief of Police Scuttles Fatal Scow

The scow in which Leston Craighead and the other boys made the fatal trip down the river last Sunday was scuttled and set adrift Tuesday by Chief of Police Staniger. Following the recovery of the body of the unfortunate boy Monday, the chief went to the river and as he approached he saw the scow with several lads in it, out in the river. Before he could reach them a farmer had called the boys, and had given each a resounding stroke with a switch as he scampered up the bank. The chief broke off the sides of the scow and turned the broken boards down stream.

# Stanley's Close in 11 Days

The Stock is Going in a Hurry--Don't Fail to Get Your Share. Near Wholesale Prices and Less.
