

Satisfied Customers Our Best Advertisement

We do a great deal of advertising in various ways, but we believe that the most favorable publicity which we receive is through the medium of a "Satisfied Customer." Such customers talk about us to other prospective customers and this constitutes "advertising by word of mouth" and is most effective.

Besides providing the very best of service, we install every convenience that a drug store can contain.

Our prices are as low as right quality can be had for anywhere. If we have not had the pleasure of serving you, we should like to add you to our list of "satisfied customers."

A word to the Farmer:—Use our phone and we promise that the goods will be at your door as quick as Uncle Sam can take them.
