

THE MESSENGER SURPRISES THE GOOD JUDGE

JUST by the taste and the way it keeps you tobacco satisfied, you can tell that "Right-Cut" is the Real Tobacco Chew.

For the first time in your life you'll get the satisfying taste of pure, rich, mellow tobacco—seasoned and sweetened just enough.

Ready chew—the taste comes steady all the while right from the start.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

It is a ready chew, cut fine and short so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

DAIRYMEN SHOULD RAISE THEIR OWN CALVES

Oregon Agricultural College, Corvallis, June 28.—"There is only one practical way for the dairyman to increase the herd and that is to raise his own calves," said Professor C. H. Eckles, professor of dairy husbandry, University of Missouri, when speaking before the dairymen's conventions during the Farmers' Week at the Oregon Agricultural College. "You can't buy good stock. Heifers should be raised with a good deal of care and attention. You say it costs too much. But I believe that under any ordinary conditions you can not afford not to do it.

"They say about one cow out of every three is not going to be a profitable animal. But success of the dairy farmer depends to no slight extent on the careful rearing of the calves. The careful dairyman sees in every heifer calf the possibility of a cow that will not only replace a discarded member of his herd, but help to raise the average production. By proper care in the choice of the sire, and by careful attention to the rearing of the calves, the dairyman who is compelled to start with a herd of ordinary quality may, within a few years, raise the average of production of his herd to a marked extent. On the other hand, carelessness in breeding and in calf raising is bound to result disastrously to a herd, or at least to keep it at a standstill as far as improvement is concerned."

EARLY DAYS

(Continued from Page 1.)

good sized log and mantel, with six others, rolled it to within 50 yards of the cabin, keeping hidden behind the log as it was rolled forward. John Goldsby, who was back of the log, parted his hair on the side, but a bullet from the besieged cabin hit him high up on the forehead and made a new part for his hair in the middle. The men behind the log couldn't raise up to shoot, so they lay there, spattered with the splinters from the log, as the Indian bullets hit it. With great exertion they finally pulled the log backward, keeping hidden till they got back to the woods.

They sent a courier to Fort Lane for company C, First dragoons, under Captain A. J. Smith. The regulars brought a howitzer along and shelled the Indians, killing some. The rest escaped during the night.

Enforcement of Motor Vehicle Laws Not Duty of Secretary of State
Office of the Secretary of State, Salem, June 22.—From many sections of the state the attention of this office is repeatedly

directed to alleged violations of the "motor vehicle laws," the impression prevailing that the Secretary of State is vested with the enforcement of the same.

Such is not the case. This office is not vested with police powers. Its duties are only to register motor vehicles and chauffeurs as proper applications are filed.

Under this law (Section 26 and 27) it is made the specific duty of all police officers, sheriffs and constables, within the limits of their respective jurisdictions, to enforce its provisions. Violations of such law should, therefore, be directed to the attention of the local police officers.

WILL DEVELOP LUMBER DEMAND

Portland, June 28.—Further progress in the formation of the Douglas Fir Exportation & Export Company, whose purpose is to develop a demand for the lumber products of the Pacific Northwest in all foreign countries, was made yesterday at a meeting of the temporary directors held at the Benson hotel. Those attending the meeting were Charles E. Hill and James G. Gregory of Tacoma, E. G. Ames of Seattle, A. B. Middleton and W. B. Mack of Aberdeen and H. S. Mitchell of Wauna, Oregon.

It is intended to have the membership include all lumber manufacturers on the North Pacific Coast and in the Columbia river district. Only a few of the manufacturers whose headquarters are in Portland have joined, but it is said they view the project favorably. By co-operative effort it is proposed to export lumber to foreign markets, instead of depending on individual effort. Temporary headquarters of the company are at Seattle, but it is contemplated to open sales offices at Portland and San Francisco. Another meeting will be held in the near future to perfect the organization, with a full membership of the largest lumber producers.

NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Roseburg, Oregon, June 21, 1915.

Notice is hereby given that Orlando O. Voss, of Lowell, Oregon, who, on November 29, 1911, made Homestead Entry, Serial No. 97649, for the S½ of SE¼ of Section 30, Township 19 S Range 1 E., Willamette Meridian, has filed notice of intention to make Final Three-year Proof, to establish claim to the land above described, before J. P. Hewitt, U. S. Commissioner, at his office at Eugene, Oregon, on the 2nd day of August, 1915. Claimant names as witnesses: Dexter Carter, of Lowell, Oregon; Lorenzo S. Winfrey, of Lowell, Oregon; Frank Mc Masters, of Land Axe, Oregon; Ora E. Carter of Lowell, Oregon.

J. M. UPTON, Register.

GRANGES WANT BETTER FARMING

The committee on betterment of farm work, appointed by the Lane County Pomona grange at its session in Springfield the last of May, met in office of County Agriculturist Coglon in Eugene Friday, and made preliminary plans for its work.

Representatives from ten of the granges of the county met and named committees to take up various questions. Fourteen granges were present and each one was enthusiastic over the work to be taken up. They represented the organizations at Irving, Junction City, Creswell, Cottage Grove, Trent, Coburg, Willakenzie, Alvadore, Bailey Hill and Springfield.

"We have only made a start but we intend to do business when we get to going good," said W. R. Wing, secretary of the committee, after the meeting. "The intention of the committee is to handle the overflow work of the Pomona grange."

The members of the committee discussed the outlook for future work and talked of the establishment of a public market in Eugene, the raising of fat livestock, general farm improvement and of other subjects to be taken up in the future.

Farmers for Board.
One important step taken was the decision to ask the county court to nominate three farmers to take charge of the money appropriated by the state and county as premiums for the county fair, and the men suggested by the committee to be appointed by the court are J. B. McFarland, of Cottage Grove; E. M. Warren, of Eugene, and H. H. Powers, of Creswell.

The subject of testing cows was brought up and it was decided that the members of the committee report to their respective granges on this question and of weeding out the unproductive cows, this being an easy matter after the testing is taken up.

Fall Drainage
The subject of drainage was one of the most important discussed at the meeting. A committee consisting of R. B. Coglon, R. B. Gibson and Mr. Miles was named to draft an outline of the duties of the agricultural committee on this subject. A number of the farmers in different parts of the county have banded together for their mutual benefit in this work, but they have acted independently of any organization. It is believed that if they co-operate with the agricultural committee of the grange much better results will be obtained.

A communication was read from the Eugene Farmers' facilities for cream at the small stations on the two railways operating in this county and the secretary was instructed to correspond with both the S. P. and O. E. in regard to this matter. The complaint is made that at the flag stations there is no way to care for the cream offered for shipment.

A committee consisting of R. B. Coglon, Clarence Koon and Ed Ayers was named to promote better finishing and a more profitable market for fat stock in Lane County.

The committee decided to meet hereafter on the 25th day of each month. When that date falls upon Sunday the meeting is to be held on the following Monday.

Notice to Contractors and Abutting Property Owners.

Notice is hereby given that the Common Council of the Town of Springfield, Oregon, will meet at 8:00 o'clock P. M., on Monday, June 28th, 1915, at the City Hall in the Town of Springfield, for the purpose of opening sealed bids and letting the contract for the grading and macadamizing of G street from the east line of Eighth street, easterly, to the west line of the Brattain Estate, as provided by Ordinance No. 416, passed June 14th, 1915.

The whole of said improvement will be let in one contract, and the work thereon shall be begun within twenty days from the letting of the contract, and must be completed within sixty days from the time of commencement.

Plans and specifications for the said improvement are now on file in the office of H. E. Walker, Recorder. The person to whom the contract is let must agree to look to the property improved for his pay, and accept the lien which the Town hereby undertakes to create against the said property, or the Bancroft Bonds, which may be issued based upon the said liens, and he must agree to bid par, with accrued interest, for such Bancroft Bonds when the same are offered for sale.

A certified check for 5 per cent of the amount of the bid, payable to the Mayor of Springfield, must accompany the bid, as liquidated damages in case
