niece Miss Verna Morris of Iowa, Mr. and Mrs. H. A. Korf, Dr. and Mrs. N. W. Emery, Mrs. J. W. Coffin, Mr. and Mrs. L. May, Miss Florence Coffin and Winifred May.

The G. T. Club will hold its regular meeting this evening at the home of Miss Florence Coffin.

—A new Colgate soap at Perry.

Over 60 Woodmen of the World and members of their families have signified their intention of going to the picnic that is to be given by the local camp Sunday, July 11 on the banks of the Willamette near the Dorris place. Teams will leave the Woodmen hall at 9:00 and 9:30 a. m., so that no one will have to walk. Names should be left at Nice & Miller's store.

W. L. McCulloch, chief engineer of the Oregon Power company's plants here in the Willamette valley, leaves Saturday to inspect the installation at Dallas, Independence, and Albany. He expects to go on to Portland to meet his brother, S. W. McCulloch, who is delegate from Massachusetts to the great Shriners' convention in Seattle this week. He hopes to have his brother come to Springfield for a day and join his train when it passes through Eugene.

—If the party who took the dental fly wheel and other things from the house on 3rd and C streets, which I had just moved out of, will bring the fly wheel to my office there will be no trouble about it. Certain children were seen playing around the house and no doubt they entered and took away the things without realizing the seriousness of the offense but if I have to call in the aid of the police to locate this wheel I shall make it as uncomfortable as possible for some one.

THE GOOD JUDGE HAS A FELLOW FEELING FOR HIS MIDNIGHT VISITOR

GOOD solid tobacco comfort —like you've wanted all your life. "Right-Cut" is the Real Tobacco Chew.

Gives you the fine satisfying taste of sappy, mellow tobacco—seasoned and sweetened just enough.

Easiest chew to handle—no grinding. You tuck away a small chew and let the taste come nice and steady just as you want it.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.
