

You Need Tailoring

that combines fair prices with good workmanship and serviceable fabrics. You need a tailor whose taste and skill you can depend on.

A. E. Anderson & Co.
Tailors-Chicago

are the makers of dependable tailoring. The up-to-dateness of their garments show both skill and taste.

"The Tailoring You Need"

HAMPTON, SPRINGFIELD

WOOD WASTE IS BEING UTILIZED

Portland, Ore., July 25.—Since the inauguration of its wood Waste Exchange, on April 15 last, the Forest Service has been requested to list 147 mills and factories as having waste material for sale, while during the same time 76 other wood-using concerns have asked to be listed as desiring to purchase waste of a wide range of species in specified dimensions or as mill or factory run. The latter have been included in the list of "Opportunities to Sell Waste" which is sent monthly to concerns which have waste material for sale. This list is growing steadily, but the Forest Service is anxious to accelerate its rate of growth inasmuch as it comprises only about half as many buyers as there are sellers listed under "Opportunities to Buy Waste."

The Forest Service has just been notified by a large novelty manufacturing concern in New York City that the Wood Waste Exchange has enabled it to obtain its raw material at a considerable saving of money. This factory uses small, semi-finished blocks of dogwood which it makes into patent spool holders. The factory's requirements were published under "Opportunities to Sell Waste" and a manufacturer of shuttle blocks promptly seized the opportunity to dispose of the pieces of dogwood which previously were discarded as waste in his factory.

Similarly, other buyers are now, through the Wood Waste Exchange, obtaining material of good quality at a cost lower than they had been paying for raw material in the form of logs or standard lumber, and without themselves having to accumulate waste by cutting raw material into required sizes. On the other hand, many mills and factories which were burning their waste or disposing of it at fire-

wood prices are now selling it at a fair profit. The Forest Service desires the co-operation of all manufacturers of small wooden commodities and invites them to list their requirements with the Wood Waste Exchange. There is no charge for this service.

THE CHAUFFEUR GETS SOME POINTERS FROM THE GOOD JUDGE.

GET the taste of the richest tobacco grown. It is the Real Tobacco Chew that you hear men boasting to their friends.

You'll be glad, too, that you've found it—and to pass the word along to men that you know.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!!
W-B CUT IS LONG SHRED. RIGHT-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.

Notice

Water for irrigating and sprinkling purposes can be used only during the HOURS specified—6:00 to 8:00 a. m. and 5:00 to 9:00 p. m. Therefore if the water is used for such purposes at other intervals during the day the company will install meters where this abuse is being practiced. It is a duty involved upon the company to protect the city from fire and furnish an adequate supply of water to all, therefore we will thank our patrons if they will assist us in trying to protect the interest of themselves as well as the city at large.

Payroll, entirely in Springfield 60.5 p. c.

80% Spent at Home

There was a miller by the name of Brook. He was running the mill down in a sly little nook. He was making flour to supply the demand. As the flour was so good he couldn't keep any on hand. The name of this flour was Bakore and Knoxall. You bet it just suited them all. Sold by all grocers and Springfield Flour Mill
