There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## Madam, Allow Me To Introduce the New Post Toasties

You may have eaten "corn flakes" but you have never tasted any that equal the New Post Toasties.

These new flakes, madam, are crisp and flakey, and have a substance and toastie flavor, a snap and zest that make them distinctive.

Dainty to be sure in their sweetness, the New Post Toasties have a body and firmness that don't mush down when cream or milk is added; and a true ripe-corn flavor that makes one feel that here, at last, is something really new and good to eat.

New Post Toasties----selected Indian corn, prepared for the table as it was never prepared before.

Your grocer has them now.
