WHEN you're tramping all over creation after game, you don't want a big bunch of ordinary tobacco sweating in your hip pocket. There is tobacco satisfaction for two, and plenty of it, in the sweat-proof sanitary pouch of Real Tobacco Chew.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE NEW REAL TOBACCO CHEW—CUT LONG SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much. One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

"Gee, I never tasted any
Flakes like these

New Post Toasties

They're absolutely new—made by a new process that brings out the true corn flavour and that keeps the flakes firm and crisp, even after cream or milk is added.

New Post Toasties are made of the hearts of selected white Indian Corn, cooked, seasoned and toasted; and they come to you FRESH-SEALED—as sweet and appetizing as when they leave the ovens.

The little puffs on each flake are characteristic of the

New Post Toasties

Your grocer has them now—get a package and give your appetite a treat.
