IF YOU HAVE NEVER TRIED
THE SPRINGFIELD CREAMERY
Chas. Barkman, Manager.
Try us and be convinced that it pays to patronize home industries.

Why Not Patronize the Busses?
A few people are prejudice against the Busses. Why should they be? Some say the busses pay no tax. Did you ever stop to think how much the busses are saving the people of Springfield? Suppose the two busses take in \$12.50 each, that is \$25 a day. Now six days in a week at \$25 a day is \$150, and 52 weeks in a year is \$7,800. That is what the busses are saving for Springfield. The people of Springfield are saving more than the busses make.

If the two busses take \$25 a day at 5 cent fares, the people of Springfield save \$25 a day clear. But the busses have all kinds of expenses such as oil, gasoline, wages, etc., to take out of the \$25 they take in. What company pays the city as large a tax as that? Figure it up for yourselves. The motor-buss has come to stay—if we lose out some one else will take up the same business.

Would also like to state that the busses do not belong to any religious organization or any church or anything of the kind, as many people think, you can find the owners on the busses at all times.
