THE FARMER'S AUTO

Chicago Journal: Several hundred thousand American farmers have invested or will invest in automobiles this fall. And every such investment will add to the attractiveness of rural life, and do its share in keeping boys and girls on the farm.

With an automobile, the neighborhood is quadrupled in size. Visits to town or to friends are made easy. General gatherings at focal points are stimulated and made more frequent. There is a better exchange of ideas, easier co-operation, pleasanter life. There is likewise a most enormous increase of interest in good roads.

Every farmer who buys an auto becomes forthwith a champion of better highways. One experience of getting stalled in the mud when out for a pleasure drive is enough to convert the most stubborn opponent of "new-fangled notions."

"ONLY A DAD."

Only a dad with a tired face, Coming home from the daily race, Bringing little of gold or fame To show how well he has played the game. But glad in his heart that his own rejoice To see him come and to hear his voice. Only a dad of a brood of four, One of ten million men or more, Plodding along in the daily strife, Bearing the whips and scars of life With never a whimper of pain or hate For the sake of those who at home await. Only a dad, neither rich nor proud, Merely one of the surging crowd, Telling, striving from day to day, Facing whatever may come his way; Silent, whenever the harsh condemn, And bearing it all for the love of them. Only a dad, but he gives his all To smooth the way for his children small Doing with courage set and grim, The deeds that his father did for him. This, is a line for him, I pen, Only a dad, but the best of men.

Social Notes

The first mask ball of the Springfield Fire Department, held at the Reapers hall Saturday evening, was a most pleasant social affair. The hall was crowded, and all enjoyed the occasion to the utmost. Nothing Stops This Man

The man with vigorous, virile health, and a clear mind, who brushes away obstacles, and rejoices in overcoming difficulties, is bound to succeed. His is the joyous outlook on life.

Physical and mental conditions like these come largely through proper eating—"Food makes the man."

Now it is a fact—attested by food experts—that the modern dietary is woefully lacking in the very elements that put success into a man. They are the mineral salts—Phosphate of Potash, etc. White bread is almost wholly lacking in them. But there is one food that richly supplies these vital elements, and that food is

Grape-Nuts

Made from whole wheat and barley, Grape-Nuts contains all the nutriment of the grain, including the valuable mineral salts. It is easily digested, is concentrated and has delicious taste. A daily ration of Grape-Nuts along with other foods helps build vigorous bodies and keen brains.
