

Nov. 29 to Dec. 4 Electrical Prosperity Week

WHAT IS ELECTRICAL PROSPERITY WEEK?

Many people are asking "What is Electrical Prosperity Week—what will be done during that week?"

Louis D. Gibbs, a man prominent in the electrical industry, has probably given the best answer. His definition is as follows:

"Electrical Prosperity Week is a nation-wide opportunity for everyone to get acquainted with the new and up-to-date uses of electricity in home, store or factory. Every possible form of advertising is being used to attract the attention of the people to this week, and to prompt them to ask questions about electricity and about electrical appliances. The field is one of remarkable opportunities, and the inquirer is bound to be made enthusiastic by what he learns.

"Everyone connected with the business in any branch is ready to answer questions, and people need not be afraid that they are going to be pressed to purchase something, simply because they ask a question and show an interest in electrical appliances.

"The wonderful developments in the uses of electricity have come along so rapidly that it has been absolutely impossible to keep the people informed. National advertisers, electrical appliance dealers and central station companies have not been able to keep pace with the growing interest.

"The Society for Electrical Development has undertaken to get all of the people in the electrical field telling what they know about its many things of interest to the public and talking all at the same time.

"It will also mean a 'Shop Early' opportunity. Electrical Prosperity Week will be observed from November 29 to December 4, inclusive. That is exactly three weeks before Christmas and thousands of people will welcome the opportunity to see electrical appliances under the most favorable conditions, make their selections and perhaps have their gifts wrapped up and ready for delivery in ample time."

THE NEW ADVENTURES OF J. RUFUS WALLINGFORD

YOU unquestionably will read in this paper the first of the New Adventures of Wallingford. You have never come across anything more rollicking, more joyful and full of the spice of modern life! Well, all that you will read has come to life. All that you will see has sprung into being. Wallingford, Blackie Daw, Violet and Ouzon exist for you. They are coming to your theater. They are going to enact all that you will read, and they are going to make you actually see all that you have seen in your imagination. But who is to play Wallingford, and who is to play Blackie Daw? There is only one man in all America who could play Wallingford, and that is Burr McIntosh. It was Mr. McIntosh who Mr. Chester has always believed was the one man to bring Wallingford to life. There was no other man in the world who could so well handle Blackie Daw as Max Figman, so both of them have been procured and appear in this cast. Playing Violet is Lolita Robertson, probably one of the most sincere actresses of the day who have so far entered motion pictures.

I. C. S. Box 463, Eugene, Ore.

There is only one right way to learn how to raise poultry, and make it pay from the start, and that is to learn from experts who have been through it all.
This is exactly the kind of instruction the International Correspondence Schools offer you. This is NOT a book scheme, but a home course of practical lessons, representing the lifelong experience of the most successful poultry raisers in the world.
The Course includes everything pertaining to successful poultry raising: How to select most profitable breeds; feeding; marketing eggs and poultry for profit; natural and artificial brooding; natural and artificial incubation; laying hens; combination plant; poultry appliances; enemies of poultry; diseases of poultry; poultry houses and management; turkeys; water fowls; squabs; etc., etc.
What makes the Course particularly valuable is the fact that the I. C. S. is associated with the largest poultry farm in the world—the celebrated Ranococas Farm, at Brown's Mills, in the Pine, N. J., famous for its fine Ranococas Leghorns and D. Y. OLD-CHIX, and where 30,000 eggs are marketed every week.
The I. C. S. has spent thousands of dollars in preparing this Course—the only one of its kind—a Course that you can master and apply in your own home, whether you live in the city, suburbs, or country, and that equips you to handle a few hens or manage a large poultry farm. This Course will help you just as the many other I. C. S. Courses have helped thousands of men and women in other walks of life.
The attached coupon will bring you descriptive circular of this great Poultry-Raising Course. Fill it in and mail it today.
