

Nov. 29th to Dec. 4th Electrical Prosperity Week

WHAT IS ELECTRICAL PROSPERITY WEEK?

Many people are asking "What is Electrical Prosperity Week—what will be done during that week?"

Louis D. Gibbs, a man prominent in the electrical industry, has probably given the best answer. His definition is as follows:

"Electrical Prosperity Week is a nation-wide opportunity for everyone to get acquainted with the new and up-to-date uses of electricity in home, store or factory. Every possible form of advertising is being used to attract the attention of the people to this week, and to prompt them to ask questions about electricity and about electrical appliances. The field is one of remarkable opportunities, and the inquirer is bound to be made enthusiastic by what he learns.

"Everyone connected with the business in any branch is ready to answer questions, and people need not be afraid that they are going to be pressed to purchase something, simply because they ask a question and show an interest in electrical appliances.

"The wonderful developments in the uses of electricity have come along so rapidly that it has been absolutely impossible to keep the people informed. National advertisers, electrical appliance dealers and central station companies have not been able to keep pace with the growing interest.

"The Society for Electrical Development has undertaken to get all of the people in the electrical field telling what they know about its many things of interest to the public and talking all at the same time.

"It will also mean a 'Shop Early' opportunity. Electrical Prosperity Week will be observed from November 29 to December 4, inclusive. That is exactly three weeks before Christmas and thousands of people will welcome the opportunity to see electrical appliances under the most favorable conditions, make their selections and perhaps have their gifts wrapped up and ready for delivery in ample time."

New Mayor Urges Economy

(Continued from page 1)

came up. The mayor asked for time to consider an appointment, and the naming of an attorney was laid over until the meeting next week.

The mayor made the following committee assignments:
Judiciary—Fenwick, Coffin, and Fischer.

Finance—Fischer, Coffin and Fenwick.

Streets—Peery, Fischer and Coffin.

Fire and water—Coffin, Fenwick and Peery.

Health—Fenwick, Fischer, Peery.

Printing and police—Fischer, Peery and Coffin.

The mayor also named Mr. Fenwick as a member of the library board, but Mr. Fenwick declined the appointment. The city attorney stated that two of the members of the board are ending their terms, Mrs. Kahr as well as Mr. Peery having served the terms for which they were appointed. The mayor, accordingly took the matter of appointing members of the library board until a later date.

Carl Fischer was re-elected as president of the council, to be acting mayor in the absence of the mayor.

Just at this point Councilman Coffin asked leave, as a matter of personal privilege, to make a statement.

"It has been reported around town," he said, "that I am going to 'stand in.' I want to say now I am not going to 'stand in' with anybody. If any member of this board or the mayor brings up something that I think ought to be done I am going to support it, but if they bring up something that I do not think should be done, I am going to oppose it."

In accordance with instructions of the council, made at a previous meeting, the city attorney brought in an ordinance regulating the throwing of any material on the streets of sidewalks that might injure tires of automobiles or bicycles. The ordinance provides that if any person shall break any glass, by accident or design, on any street or sidewalk, he shall remove the same at once. Tacks and other cutting or puncturing substances must likewise be removed. A penalty of a fine up to \$20 or imprisonment up to ten days is provided, and the recorder is given authority to assess both fine and imprisonment if the placing of these substances appears to have been done maliciously.

The attorney also brought in an ordinance levying assessments for street work done principally in 1912. The work consists in the main in the grading down of parkings and the construction and repair of sidewalks, and the assessment by ordinance is made after ordinary methods of collection have failed. The ordinance was read once, and Monday, December 13, the time of the regular meeting, was set as the time for a hearing of replies from persons interested as to why the assessment should not be levied.

The council ordered that the owners of property on east Main street, from the Charles Scott place eastward to the city limits construct sidewalks.

The council then adjourned until Monday evening.

There is only one right way to learn how to raise poultry, and make it pay from the start, and that is to learn from experts who have been through it all.

This is exactly the kind of instruction the International Correspondence Schools offer you. This is NOT a book scheme, but a home Course of practical lessons, representing the lifelong experience of the most successful poultry raisers in the world.

The Course includes everything pertaining to successful poultry raising: How to select most profitable breeds; feeding; marketing eggs and poultry for profit; natural and artificial brooding; natural and artificial incubation; laying hens; combination plant; poultry appliances; enemies of poultry; diseases of poultry; poultry houses and management; turkeys; water fowls; quacks; etc., etc.

What makes the Course particularly valuable is the fact that the I. C. S. is associated with the largest poultry farm in the world—the celebrated Rancocas Farm, at Brown's Mills, in the Pines, N. J., famous for its fine Rancocas Leghorns and D. Y.-OLD-CHIX, and where 30,000 eggs are marketed every week.

The I. C. S. has spent thousands of dollars in preparing this Course—the only one of its kind—a Course that you can master and apply in your own home, whether you live in the city, suburbs, or country, and that equips you to handle a few hens or manage a large poultry farm. This Course will help you just as the many other I. C. S. Courses have helped thousands of men and women in other walks of life.

The attached coupon will bring you descriptive circular of this great Poultry-Raising Course. Fill it in and mail it today.
