The Milltown Seminary entertainment given by the Baptist young people in the church last Friday evening was a great success both financially and socially. In spite of the inclemency of the weather a good crowd appeared and all were made happier and healthier by the laughs provoked by the exercises in the different rooms. Everyone went for a good laugh and had it. The young folks quite outdid themselves and proved their ability as entertainers.

IT WAS ALL ON ACCOUNT OF A MISTAKE.

SAY, BUT HE'S MADE GEE WHIZ!

JUDGE, I'LL BET SOMEBODY HAS TRICKED HIM. THAT'S ORDINARY TOBACCO, AND HE USES THE NEW CUT REAL TOBACCO CHEW.

W-B CUT CHEWING MEANS MORE COMFORT—MORE SATISFACTION. IT COSTS LESS BECAUSE YOU USE LESS TOBACCO. A LITTLE CHEW SATISFIES.

A MAN who uses only ordinary tobacco would probably never kick if somebody changed brands on him. But W-B CUT Chewing—the Real Tobacco Chew, new cut, long shred—is so different from ordinary tobacco, so much more satisfying that nothing can take its place with a man who knows. Get a pouch of W-B CUT Chewing and give it a quality test. You can tell. "Notice how the salt brings out the rich tobacco taste!"

Mrs. J. H. Corbett and daughter Mabel of Portland arrived Wednesday to spend Thanksgiving with Mr. Corbett, who is an engineer on the Willamette-Pacific work train. Miss Mabel returned to Portland Sunday, but Mrs. Corbett will remain for a more extended visit.

**EFFORT MADE TO SAVE  
NEWLY BUILT ROADS**

With a view to controlling heavy traffic on the roads of Lane county, the commissioners' court put the matter up to J. M. Devers, county attorney. Mr. Devers will examine the state law regulating the weight of loads to be hauled over the roads and if it covers such traffic as is now being carried on by certain firms and individuals, it will be stopped in order to save the roads.

In section 4, chapter 277 of the laws of the 1913 legislature there is a provision that whenever the roads are being damaged by heavy loads, or by dragging heavy material over them, the court may prohibit the operation of such vehicles or contrivances. The section referred to reads in part: "Whenever any highway in any country has been greatly damaged by any person, firm or corporation in hauling heavy loads of cord wood, logs, timber, lumber, ties, piling, stone, rock, gravel, sand

or heavy merchandise or dragging heavy materials it shall be the duty of the county court to enter an order describing said road and shall include in the order the maximum weight of each load to be hauled, and the maximum weight thereof shall be made not less than 7,000 pounds for any vehicle having tires more than four inches and less than 8000 pounds for any vehicle with tires less than six inches wide. Wider than six inches the weight shall be proportionate. If any vehicle shall be causing such damage the court may prohibit such vehicle entirely."

This law applies only to the countries west of the Cascade mountains, Multnomah county excepted.

There has been complaint during the past year or so of a great deal of damage to the macadam roads of the county, especially between Eugene and Springfield, because of the heavy loads that are being run over them with auto trucks. It is for the purpose of regulating this class of traffic that the county court has referred the matter to be county attorney.

"If there is any way to prevent this heavy traffic from punching the bottom out of the new roads that we have built this year, we will do it," said M. H. Harlow, county commissioner.

Jas. Corsaw has re-opened his shoe repair shop in the west half of the Stevens bicycle shop, Main St. near Seventh.

**Building  
For Years to Come**

In the erection of modern buildings the primary thought is for endurance.

The same thought should be given to building our own body and brain—but few give it. This building process requires certain essential food elements which, within the body, are converted into the kind of brain, bone, nerve and muscle capable of enduring the severe tests of work and time.

**Grape-Nuts**

FOOD

is scientifically made of whole wheat and malted barley, and supplies, in splendid proportion, all the nutritive values of the grain, including their vital mineral salts, which are all-important for life and health, but lacking in much of the food that goes to make up the ordinary diet.

A daily ration of Grape-Nuts food is good "building" for sound health of years to come.

**Social Notes**

The second regular dance of the Fortnightly club was held at the Reapers hall Saturday evening, every one reporting an extra good time and the time passed all too quickly.

One of the most enjoyable social events of the week was a "Backward" party given by the Misses Lacy and Myrtle Copenhaver to the members of the G. T. Club. The evening was spent in needlework, contests and Rook. Guests were compelled to play all games backward. The hostesses served a most delicious luncheon during the evening and at that time only, the girls were not "backward." Guests of the club were Harper Marion, Male Grace, Bartlett, Ferdine Blanche, and Palmer Misses The. The club will meet Dec. 10 with Miss Edna Swarts.

Mr. and Mrs. J. D. Davis of North 5th street royally entertained a number of guests at a Thanksgiving dinner on Thursday. The following guests were present: Mr. and Mrs. L. A. Bass and daughters Marjorie and Marion, of Yoncalla, Mrs. S. P. Ruble of Kansas City, Mo., Mr. and Mrs. Lee Clark, Mr. and Mrs. W. G. Campbell and sons Walter and Floyd, Mr. and Mrs. M. G. Bally and son Ray.

The name of Mrs. Root was inadvertently omitted from the list of the hostesses at the Japanese tea garden at the home of Mrs. McKlin last week.
