**D. P. Burton out for County Assessor**

**SAYS HE CAN SAVE THE TAXPAYERS \$10,000**

In making my announcement of candidacy for the nomination for the office of County Assessor upon the Republican ticket, I believe that my former experience of 10 years in this office in Lane County qualifies me to state that I will be enabled, if nominated and elected to the office of County Assessor, to save the tax-payers at the least calculation \$2500.00 per year in conducting the office, and at the same time give better results than with the present system.

To illustrate a few savings I know possible: I would give all my time to the office, allowing no outside interests to interfere with time paid for by County, and I am satisfied that my former experience in this office has made me competent to personally oversee the office force, thus eliminating the expense of a head deputy at \$1200.00 a year.

I also believe that with no extra office expense, that the tax rolls can be arranged alphabetically so that the tax collector can more economically collect the taxes, and in support of this I am informed that the present tax collector has stated that had they been so arranged he could save \$2000.00 on the expense of collecting this year's taxes alone.

Therefore comparing the cost of conducting this office the past four years, which has been \$40,000, with the savings as stated above, I am confident that with my former experience of 10 years as County Assessor I can, if nominated and elected, during the term of four years for which the Assessor is elected save the tax-payers of Lane County at least \$10,000.00.

Signed  
 D. P. BURTON.

**SPRINGFIELD DRUGGIST PLEASES CUSTOMERS**

M. M. PEERY DRUG CO. reports customers greatly pleased with the QUICK action of simple bushthorn bark, glycerine, etc., as mixed in Adler-ika. This simple remedy drains the old foul matter from the bowels so THOROUGH that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adler-ika never grips and the INSTANT action is surprising.
