F. A. See, of McFarland, Calif. is a guest at the F. W. Strubin home. Mr. See formerly lived in Springfield and is well pleased with its progress, this being his first visit here in seven years.

—The Oregon Power Co. completed its flume today to the Booth-Kelly pond, and will hereafter get the water for the boilers direct from the pond, instead of from the mill race opposite the plant. About 350 feet of flume were required.

Rev. J. T. Moore of the Methodist church, and Rev. W. N. Ferris of the Baptist church, exchanged pulpits Sunday evening, and both preached to large congregations. The plan of exchanging was a complete surprise to all the church-goers.

—Cox & Cox purple trading stamps given with each 10c cash purchase and on accounts paid in full within 30 days. Look over our premiums. We give \$1.00 worth of trading stamps free the last Saturday in each month. **COX & COX.**

S. P. engines 2030 and 2085 were taken to the front on the Willamette-Pacific Saturday, and will be ferried across the Umpqua river for use between that river and Coos bay, until the Umpqua bridge can be completed. Service to Coos bay, with the transfer at the Umpqua, will begin as soon as the track has been sufficiently ballasted.

Tom Billings, faller at the Booth-Kelly camps above Wendling, returned to that place Sunday evening after spending a day or two with his mother, Mrs. M. Billings. He reports there is still ten inches of snow in the camps, and what seems like three inches of water under the snow.

That "Wade Right In" Feeling

first thing in the morning—comes naturally with right living.

Daily food plays a big part, for unless it supplies proper rebuilding elements and is promptly digested, one's mental and physical power is bound to suffer.

Grape-Nuts

the whole wheat and malted barley food, provides all the rich nutriment of the grains, including their vital mineral salts—phosphate of potash, etc.—lacking in the diet of many, but which are necessary for balanced upkeep of body, brain and nerves.

Grape-Nuts has a delicate nut-like flavor; is always ready to serve with cream or milk; is easily digestible; and yields a wonderful return of health and energy.

"There's a Reason"

—WALL PAPER in some very attractive designs just arrived. J. C. HOLBROOK.

—Kyanize, our new varnish, all colors, for inside, or out side work. J. C. Holbrook.

—In paints, oils, varnish and decorates in dainty and durable colors. Always glad to show goods. J. C. HOLBROOK.

\$10,000, Really Saved the Tax-payers, says Dick Burton

Our present Assessor in a published statement in which the pronoun "I" frequently occurs, and in which he deprecates the fact that the public remains unprotected from "malicious" designs and "deception," warns us beware of those persons making claims of large savings, then goes on to inform us that he has saved the taxpayers Seventy Six Thousand Dollars in a period of four years.

How unfortunate for we "other" taxpayers the O. & C. R. R. Congressional Lands are again in the hands of Congress for final disposition, and there are no taxes being paid on them, although assessed, and that other railroad property, as well as all Public Utilities, are now, and have been for several years, assessed by the State Tax Commission and not by our Assessor, otherwise our taxes might have continued getting lower (?) and lower (?), as this chimerical saving continued to increase.

As our Assessor warns us, let us be not deceived by delusions of large savings, you Mr. Taxpayer, know better than anyone else whether or not your assessed value has been raised in proportion, and whether your taxes have been lowered by this chimerical saving.

In my declaration of candidacy I made the following modest statement:

First—That I would keep on the job myself, and eliminate a head deputy at Twelve Hundred Dollars per year.

Second—That I would so write tax rolls, that according to James C. Parker, Tax Collector, a man who has had 8 or 10 years experience in collecting taxes in Lane County, had they been so written he could have saved \$2,000.00 on the expense of tax collecting this year alone.

I therefore ask your earnest consideration of my declaration that I could and would, if nominated and elected Assessor, REALLY SAVE the taxpayers during the next term of office at least \$10,000.00.

Yours to help lower taxes,
D. P. BURTON

MODERN CONFECTIONERY CO
Portland, Oregon

There is more Canarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly tutting to cure with local treatment, pronounced it incurable. Science has proven Canarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Canarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Tuxedo Nights
by Walt Mason

When the day's work's done, and the good old sun has sunk in the well known West, then I stretch my form by the fireside warm, I sit at my ease and rest. Then I take my pipe which is mildly ripe, as the pipes of good smokers are, with a chortling soul then I fill its bowl from my glass Tuxedo jar. And I smoke at ease, and my trouble flees to the place where dead troubles go; and my worries seem, in my waking dream no longer to have a show. And I say, "Indeed, it's a noble weed that drives all the ghosts away, and clamps the lid on the cares that skid around through the busy day. The worries and woes and such things as those in the daytime leave their scar, but there's rest at night and a calm delight in my glass Tuxedo jar."
