

As It Looks, It Is

We are quite sure that the first impression any one gets of this store is a favorable one, and equally sure that this impression is confirmed by further acquaintance.

That is the impression we try to make and the opinion we endeavor to hold. We want the people of Springfield and vicinity to feel that when they come to us for drugs or for prescription work, that they are certain to get the best drugs and service to be had.

While we emphasize quality and will have nothing to do with the merely cheap, we do see to it that, quality considered our prices are always low.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MULE HAS NARROW ESCAPE

Trica Walking Trolley Trestle After Night and Falls Through

When the eleven o'clock car was approaching the Palmer hop yard on its way to Springfield Saturday night the motorman spied a mule on the track ahead of the car. Mr. Palmer, owner of the hop yard was on hand and thought the mule belonged to him and enlisted the aid of the other male occupants of the car to extract the mule from his embarrassing predicament.

In crossing the trestle the animal had lost its footing and its legs had gone down between the ties. The men worked heroically for some time and after great efforts "Mr. Jack" was placed safely on the ground. To his surprise Mr. Palmer learned that the mule belonged to some campers near by.

Cars Become Derailed

Two cars became derailed on the Booth-Kelly high line this morning while the train crew was dumping logs into the pond. In some manner a log must have become lodged under one of the trucks and caused the cars to skid off the rails. It happened that the crane belonging to the bridge gang, now repairing the railroad bridge, was close by. The crane crew came to the assistance of the trainmen and section gang and soon had the cars lifted back in place. No particular damage was done.
