

Society Doings of the Season

ENTERTAIN FOR "FROSH"

Of course a freshman reception wouldn't be a freshman reception if some of the "Freshies" weren't ducked, so the boys of the upper classes ducked some of the new boys' heads in the water. But they were "game" and took it the right way. The reception was held at Stevens' Hall on Friday evening and everyone got acquainted with everyone else. Last year's graduates were invited and all expressed the wish that they were back again this year. The entertainment committee has planned a delightful program which consisted of several musical numbers and speeches. Bill Hill, our student body president, urged the students to back up the boys in athletics, said they would show good results. Audrey Perkins, vice president of the freshman class thanked the upper classmen in behalf of the freshman class for the party. Mr. Stroud, Mr. Moore, our football coach, Miss Williams, and Miss Campbell, each talked and all backed up our president in his sentiments on school spirit and loyalty. Albert Beare, football captain, ended his masterful oration with "If hard work will get us there, we certainly will get there." And then the refreshments why, they looked so good to some of the outsiders that they just came and helped themselves through the window. But who wouldn't when there were pumpkin pies and cider all around? The party broke up when the dear little freshmen began to nod their heads and close their tired eyes for of course they aren't used to being up so late. While a crowd at the piano was saying "Good Night, Ladies," and "Home Sweet Home" the party came to an end with everybody declaring that they had a perfectly delightful time.

FEAST ON CORN MEAL

A real "corn" party, even to the refreshments, which were corn meal mush, corn flakes, popcorn and cider, was the feature of the party enjoyed by about 35 members and guests of the Christian Endeavor society after the monthly business session at the Christian church Friday evening. The winners of a popcorn race, Russell Dimm and Miss Elsie Weddle, were chosen King and Queen for the evening. Many games, all pertaining to the grain in some way, made the evening an enjoyable one. The party was in charge of the social committee,

Mrs. Delbert Bucknum, and Misses Nell Nixon and France Travis. Among the young folks enjoying the affair were: Mr. and Mrs. Sarga Sneed, Mr. and Mrs. Delbert Bucknum, Mrs. Arthur McCracken, Misses Gertrude Williams, Ethlyn Powers, Jean Lambert, Doris Lybarger, Ellen Lambert, Minnie Remo, Vera Senseney, Ruby Senseney Opal Whiteley, of Eugene, France Travis, Minnie Beaver, Nell Nixon, Helen Roberts, Marjorie Knott, Elsie Weddle, and Messrs. Walter Mountjoy, Harry Nixon, Russell Dimm, Pat Conley, Roy Cairns, Harold Perkins, Tom Nixon, Orlo Nettleton, Walter Gussler, Reverend Chris. Jensen, Clifford Jope and Carol Roberts of Eugene.

HAS FIRST MEETING OF FALL

Ten members of the Needlecraft club met for the first time since early summer at the home of Mrs. W. H. Pollard at 464 A street, Thursday afternoon. The yearly business meeting was held, and three new members Mrs. O. H. Jarrett, Mrs. E. E. Martin, and Mrs. H. Sandgathe, were elected, after which a delicious two course luncheon was served. The next meeting will be held at the home of Mrs. R. L. Kirk on Seventh and F streets, on Thursday, October 19. Those present at the first meeting were: Mesdames George Catching, R. L. Kirk, Carl Fischer, Milton Bally, W. F. Walker, H. E. Walker, A. M. Beaver, R. L. Drury, Mae Stevenson and W. H. Pollard.

PARTY MOTOR TO SPRINGS

Two automobile loads of Springfield folks made up a party spending yesterday at London Springs. In the Bressler's car were Mr. and Mrs. E. E. Martin, Mrs. M. G. Bressler and small grandson, and Fred Bressler, while Mr. and Mrs. L. May, Miss Beatrice Holbrook, Miss Dorris Sikes, and Winifred and Verdon May enjoyed the trip in the former's machine.

PRISCILLA CLUB MEETS

The Priscilla Club held its first meeting of the fall at the home of Mrs. Walter Herndon on F, between Seventh and Eighth streets last Friday afternoon. The afternoon was spent with fancy work. Guests of the club were: Mrs. R. L. Kirk, Mrs. Agnes Herndon of Ashland, Mrs. Aldred Beaver. The members present were Mesdames M. J. McKlin, J. M. With-

row, A. J. McKlnsey, William Donaldson, Norman Howard, W. C. Rebhan, I. D. Larimer, D. S. Beals, W. L. Rouse, Walter Herndon. The next meeting of the club will be held with Mrs. Norman Howard at her home on East Main street.

G. A. R. MEETS

The ladies of the G. A. R. met Friday afternoon in the W. O. W. hall for a regular session. Mrs. Inman was inducted into the order. Visitors from Eugene were Mrs. L. King, Mrs. H. A. McDowell, Mrs. W. J. Fox, Mr. and Mrs. E. T. Plank, Mrs. Warner, and Mrs. C. J. Barhite, Mrs. W. L. Arnold, of Trent, and mother, Mrs. McGee. After the business session refreshments were served. On the next meeting, November 3, a chicken dinner will be served for members and their families.

ENJOY ALL DAY OUTING

The Milles Lulu Gile, Estella Martin, Bess Palmer, Annie Young, Edna Swartz, Effie Rhodes and Florence Coffin enjoyed a trip to the Fish Hatchery yesterday. The young women were taken up in a Winton Six driven by J. W. Hoyt of Eugene, in the morning, spent the day at the Hatchery and returned in the evening.

YOUNGSTERS ENJOY PARTY

In celebration of the fourth birthday of her small daughter, Miss Joan, Mrs. Edesee Cox invited eight of the neighboring children to her home on Fifth and F streets, from three until five Saturday afternoon. The little ones had a happy afternoon playing games and enjoying the birthday cake with candles and other refreshments.

SPRINGFIELD WILL SHIP 100 CARLOADS OF LATE POTATOES

E. E. Morrison Predicts Lane County Crop to Be 500 Carloads This Year

Of the 500 carloads of potatoes, which he estimates will be produced in the county this year, E. E. Morrison, mayor and potato dealer of this city, will ship about 100 carloads himself. He has been buying a good many potatoes lately, and he has contracts for a large quantity for which he furnished seed last spring.

Some potatoes have started coming in already, although the bulk of the crop is not expected for some little time. Mr. Morrison is using the garage building on the corner of Mill and Main streets for a warehouse.

Harvesting, however, is well under way, and large quantities of the potatoes will soon be coming in to the warehouses. Inquiries from the big buyers are so far confined to large stock, and they say they will not bother with small potatoes or with badly graded stock.

"I am preparing to install a large potato grader in my warehouse," Mr. Morrison said, "and I will grade and re-pack all the potatoes that I buy. There will be three grades, the largest of which will be for table stock. The other two grades will be saved for seed, and I have a market for all the culls, to be used as hog feed by a farmer near Springfield."

The principal potato growing sections of Lane county are in the vicinity of Springfield, near Creswell, and in the territory around Junction City. The crop this year is showing very little evidence of blight, and if the rains will hold off for a short time there will be practically no loss from this source. There are some plants infected, and if it should rain the spores would be washed down into the ground and affect the crop.

Mr. Morrison entered the potato business three years ago when the shipments from Lane county were rather small. Two years ago he sent from Springfield some seven carloads of the crop and last year over fifty.

R. Y. PORTER

Candidate for County Commissioner on the Democratic Ticket

I stand for a common-sense administration of county business, want a dollar's value for every dollar spent and if elected will see to it that the tax payer receives this. I want an economical administration of county affairs and if elected will do my utmost to see that this condition prevails, regardless of politics.

I reside near Walker, Ore., and have for 38 years. I am a farmer and have made a study of the road question. I favor each district having its allotted amount of road money. If elected will exert my best efforts to see that all parts of the county receive fair treatment at the hands of the County Court.

See Moody and See Better

People are now beginning to realize that in order to secure perfect optical aid, something more is necessary than an examination in which are used but a few sight testing charts.

Accuracy in the science of optometry is quite as important as in mathematics, and skill and good judgment are as essential as in the practice of medicine.

Thorough training and long experience alone can assure these. The necessary equipment must also be complete.

By the skillful use of the Ophthalmoscope and Retinoscope we can tell you not only the kind of glasses you need but also the general systematic condition as well, so if you need the attention of a specialist in medicine we can so inform you.

The eye itself cannot be trusted to indicate its needs; an examination by the most scientific instruments is necessary.

No matter how excellent the mechanical work in a pair of glasses, it counts for nothing unless the formula from which the lenses are ground is the correct one for your eyes.

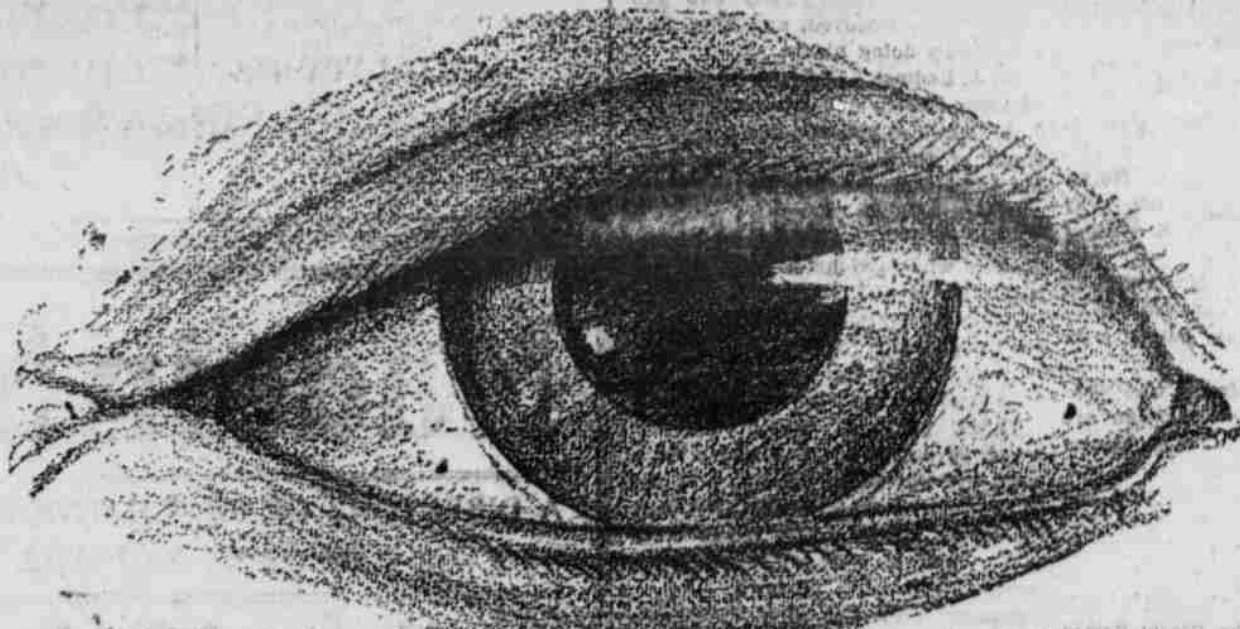

The formula will only be correct when it is based upon the result of a careful, scientific examination.

Consequently, a thorough examination and diagnosis is the first requisite for a satisfactory pair of glasses.

Our system of diagnosing and testing has no superior.

Our 27 years experience is behind this system and gives us the courage and assurance to refund your money when you are not perfectly pleased.

If your frames or mountings get broken or fail to give entire satisfaction at any time in the year, we will repair or replace them with new ones free of charge. That is the kind of service we give and it costs no more for-a-that.

"Kryptok Glasses"

THE ONLY INVISIBLE BIFOCAL

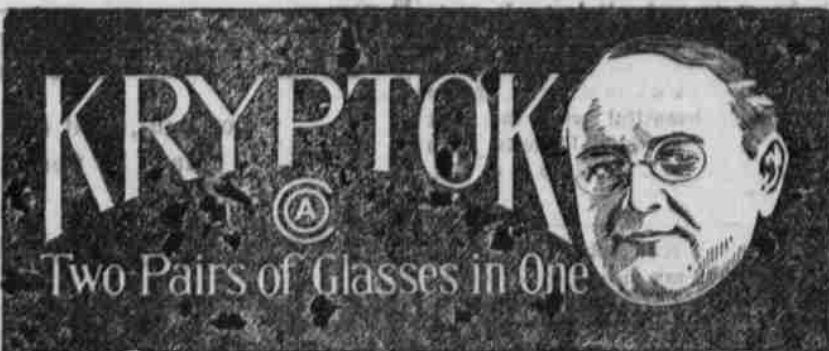

Made by us, cost no more than Kryptoks made by other opticians, but the Kryptoks supplied by us are better, being finished on specially made machines and in one of the best equipped retail optical factories in Oregon.

Besides, we do all the work under one roof—from the examination of your eyes to the accurate fitting of the finished glasses. We guarantee all of our work for one year and your money back if you are not perfectly satisfied with our glasses.

That is what "Moody Service" means to you.

EDUCATIONAL DEMANDS

Before the School Bell Rings see to it that your children's eyes are thoroughly and scientifically examined.

You, as parents, owe this precaution to them and should not fail to do your part to "nip in the bud" visual troubles that might otherwise lead to failure and ill health.

Defective Eyesight is the most common cause of failures of children in their studies, also of headaches, nervousness inability to concentrate their minds for only a brief period of time, etc.

Defective vision in children is the cause of the dull or backward scholars more than any other bodily ailment.

We furnish you with dependable service, prescribe glasses that we are sure will prove satisfactory and will refund your money any time in the year if perchance they do not give the relief we promise.

No other cost to you except for broken lenses.

YOUR SALARY DEPENDS ON YOUR EFFICIENCY

Your efficiency depends on your eyesight.

Your eyesight depends on having correctly made and fitted glasses.

The Moody optical service must please you.

Our methods of examination and diagnosis are the very newest and best.

We have the latest scientific instruments and a complete equipment for the grinding of lenses and know the work is done right.

We use the best lenses obtainable in our work.

Back of this is 27 years of constant application and experience in sight testing.

Our guarantee means that any lens changes will not cost you anything for one year.

That you can have your money refunded if you want it. That any breakage of frames or mountings will be repaired or replaced free for one year.
