PREPAREDNESS

The farmers are making the
best of this fine autumn weather
and are letting their fall shopping
until the opening of the rainy
season. When they will flock to
town to make purchases for winter.
Are the merchants of Springfield
prepared for this fall and winter
trade? They probably have their
new fall goods on display and have
their shelves piled high with merchan-
dise that will attract the shopper
but have they made the shopping
conditions best for the farmer when
he comes to town? How about a
place for the farmer's wife to go
and get warmed up after a long
drive in from the country? Are the
local merchants going to make arrange-
ments for the comfort of their rural
customers? Your competitors across
the river have seen this need and
have met it in good shape. There
are many comfortable rest rooms
in Eugene. There is a real need here
for a rest room to make the out of
town shoppers comfortable. Will it
be met?

SPRINGFIELD'S PROSPERITY

Who said hard times in
Springfield? Lets take a look
around and try to see "old man
hard times." Is there an idle
manufacturing plant in town?
The flour mill is working over-
time; the lumber mills have not
shut down in spite of the odds
they have had to face; the plan-
ing mill has had a full summer's
run; the farmers all have good
crops and the prices are going
up. Business is good in Spring-
field.

When the farmer has a good
year, and the mills are keeping
their wheels amove the business
man does not need to worry. Of
course times could be better. The
mills could be working night
shifts and the farmers could
have put in more acreage and
there could be speculation in
real estate. But we must remem-
ber that this is a Democrat's
administration and just a
month before election so why
worry?

WHAT HAVE WE AT HOME?

Vacation time is past and
most of us are thinking of the
long winter ahead of us and of
the vacation we are going to
take next year. Where do you
take your vacation? In Lane
county, Oregon or do you
have to go to some other state
to get that recreation? You
know that people come from all
over the United States to won-
derful vacation places in our
state. They come for thousands
of miles to see Crater Lake and
the Columbia Highway. Many
of them come to the wonderful
McKenzie valley to spend their
summers.

What do we people right here
at the foot of the McKenzie val-
ley know about its marvelous
beauty? Have we ever taken
the time and trouble to visit Blue
River or have the inclination to
go as far as the Three Sisters or
Diamond Peak? Have we want-

DOC SAYS—SAYS HE

Did you ever rub a black cat the
wrong way at night to see the sparks
fly? Well, just rub a red hot Democrat
now with a little Republican doctrine
and you will see a real "spit-fire."

We will soon be hearing of "and
they also ran."

Who's going to throw his hat in the
pot for one of those local political of-
fices on the council where kicks serve
as a substitute for the pay check?

A party of three, went boat riding
last evening, so we are informed, and
a lovely time is reported, the water
was fine? Cold feet? Well, yes, rather.

Now the Democrats will fire their
cannon Saturday night. Be careful
there is no "backfire."

Kindness apparently is not always
appreciated. The other day a local
doctor accidentally bumped into a dog
with his auto which of course incon-
veniened the dog. So Mr. Doctor got
out of the car and tried to make things
right with the canine by apologetically
patting the dog on the head. The dog
knew he didn't mean it and he was a
little hungry anyway so he got a big
mouthful of the Doc's hand and tried
to swallow it, but the Doc's wife ob-
jected and the dog quit right then and
there.

ed to go to the sea shore and
packed up and gone to Newport
or Seaside when we have one of
the beauty spots on the Oregon
coast at Heceta cape?

Why don't the people of Lane
county realize their natural re-
sources? Why don't we take a
year or two off and see what we
really have here in our own
county in the way of natural
playgrounds before we go to the
ends of the earth in search of
better places?

The McKenzie valley has nat-
ural and scenic attractions to
spare. How much does this splendid
place, Portland has spent thou-
sands of dollars in advertising the
Columbia highway and they are
getting big dividends. Would it
not pay Lane county to spend
a few hundred dollars to adver-
tise one of the best summer re-
sorts in Oregon? It ought to
bring in more revenue to the
county and everyone would ben-
efit from the advertising.

Credit Given Where Due

Ed. News: One might suppose from
the wording of the item that I raised
those big potatoes of which you spoke
in Monday's issue. In fact, I did raise
two of them out of the ground with a
spading fork; but L. M. Cagley was
the grower. Potatoes nearly as large
are common in the patch.

"If you won't take a little chew don't take any. W-B

as big as a regular sized wad of plug is too much of a
good thing. If you really want to know what tobacco
satisfaction is, tuck a little nibble of W-B into your cheek,
