SPRINGFIELD PEOPLE GET INSTANT ACTION

Those who have used it in Springfield are astonished at the INSTANT action of simple buckthorn bark, glycerine, ect., as mixed in Alder-I-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Alder-I-ka relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis! A short treatment helps chronic stomach trouble. M. M. Peery Drug company.

Prince Albert gives smokers such delight, because

—its flavor is so different and so delightfully good;

—it can't bite your tongue;

—it can't parch your throat;

—you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read:

PROCESS PATENTED JULY 30th, 1907

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

YOU'LL find a cheery howdy-do on top no matter how much of a stranger you are in the neck of the woods you drop into. For, Prince Albert is right there—at the first place you pass that sells tobacco! The tippy red bag sells for a nickel and the tidy red tin for a dime; then there's the hand-some pound and half-pound tin humidor and the pound crystal-glass humidor with sponge-rubber lid that keeps the tobacco in such bank-up trim all the time!

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

This is the reverse side of the Prince Albert tidy red tin. Read this "Patented Process" message-to-you and realize what it means in making Prince Albert so much to your liking.

OREGON RANKS LOW IN NORMAL SCHOOLS

U. S. BUREAU OF EDUCATION REPORT UNCOMPLIMENTARY TO STATE'S SCHOOL POLICY.

Pendleton, Ore.—Oregon is one of the most poorly equipped states in the Union for the training of teachers, according to the United States Bureau of Education.

Only five states in the Union have less normal equipment than Oregon. Oregon has one Normal School and forty states have more than one. New York has 18, Pennsylvania 18, Massachusetts 12, California 8, Washington 3 and Idaho 2.

The report of the Bureau of Education shows that even the little state of Idaho, with a population only half as large as that of Oregon, is spending more than twice as much for Normal Schools as is this state.

The same report urges that Normal Schools be located in the railroad centers with public schools sufficiently large to give teaching practice to the normal students.

State Superintendent Churchill's annual report shows that of the 6055 teachers in Oregon last year but 751, or 13 per cent, were Normal School graduates. The same official estimated that 1000 new teachers are needed each year and the present Normal school is turning out but 150. The majority of Normal trained teachers are shown to be teaching within a small radius of Monmouth, although Eastern Oregon pays on the average of \$10.41 a month more for teachers than does the Willamette Valley.

How Catarrh is Contracted

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

WOOD SAWING

To the people of Springfield and vicinity:

I will saw your wood and leave no one's wood unsawed. No matter how small your order may be I will saw it. The man with a cord wants it sawed just as bad as the man with more.

Kind friends let me say one word in regard to your piling wood. Pile your wood on the opposite side of the alley from where you want the wood after it is cut. Or leave 8 feet, 10 feet is better, between your pile of wood and the wood shed. Then you can have your wood where you want it when it is cut and many times lots of it will be put in the shed.

I have good RED FIR WOOD FOR SALE
