MILITARY TRAINING IN THE HIGH SCHOOLS

Springfield high school students are joining the artillery corps. This is being done in many other schools all over the union.

These are times when, if we hope to keep our boys in the high school they must have military training as a part of their school work. Those who held out against such training will now begin to see that students, who are to be the active citizens of the near future, want to begin assumption of those responsibilities, especially in times like these.

NEW WORLD COMING

This great world conflict ultimately may be designated as the War of Human Emancipation. It is evolving a new earth. Old things are passing away forever.

It will be a New World politically. Absolutism will be relegated. Such monarchies as survive will be decidedly limited.

It will be a New World sociologically. There will be more of the spirit of intense human brotherhood. Each people will understand itself better.

It will be a New World economically. Each and every people drawn into the great war and all neutral nations as well, will have learned the vital values of thrift and conservation.

It will be a New World morally and religiously. The ferocity of warfare—the awful spirit of destructiveness rife in the world—is, it may be believed, but the dark hour of passion before the dawn of a long era of unbroken peace, with international morals bettered; with treaties respected; with rights and liberties of all nations, large and small, held sacred; with the Golden Rule as the guiding principle of nations.

It will be a New World—not perfect; not an Elysium; not an Eden restored; not proof against mistakes, wrongs and shortcomings; but a world greatly purified, a world purged of many conditions hampering to the beneficent, peaceful progress of the human race.

THE KAISER'S FATE

The Kaiser stands, with bloody hands before an avenging God, And thousands who did his firm commands are sleeping beneath the sod.

The witnesses come from the briny deep In an almost numberless crowd. The innocent ones he has caused to weep And the murder that cries aloud.

Each nation has its banner unfurled And the people are crying for bread. The Kaiser's determined to starve the world And not take time to bury the dead.

When he stands before St. Peter's gate Methinks I hear the angel tell, You've long deserved your direful fate It's the hottest place in hell.

FAMILY HISTORY IS UNIQUE

Real "Apostolic Succession" illustrated in Reverend Danford's Line

The following record of facts in the family relationships of Rev. S. A. Danford, D. D., conference evangelist, would be hard to duplicate in all the Methodist connection in our country. His uncle, Rev. M. Danford, is pastor on the Cambridge District, in Ohio; his grandfather, Samuel Danford, was a local preacher in Ohio; two of his great-uncles, Rev. William Danford and Rev. Benjamin Danford, were noted pioneer preachers of East Ohio; his father is Rev. J. W. Danford, a member of the North Dakota Conference and pastor at Underwood, North Dakota; his brother, Rev. Charles Wesley Danford, is a member of the Northeast Ohio Conference and district superintendent of Youngstown District, Ohio; his nephew, Rev. John Wesley Danford, is also a member of Northeast Ohio Conference and a pastor on the Delaware District. This is "Apostolic Succession" of the right sort, and heredity should be a powerful tie with our brother to hold him in doctrine and policy to "the Faith once delivered" to the Methodist saints.

RUN your tape line along the sum of money you've been spending for chewing and then chop it in two in the middle. Now you get an idea of what W-B CUT is saving judges of good tobacco. The difference is in the tobacco itself, its richness that makes tobacco lovers take to it—that's why a little goes such a long way. W-B CUT is just tobacco satisfaction through and through.
