### Spring

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere.

### Government Will List Distributors

Department of Agriculture Asks Data on Marketing of Farm Products

More confirmation of the fact that the United States government considers the food shortage situation in a very grave manner, and that it is taking active steps to combat it is shown by a letter just received by Assessor D P Burton of Lane county from the department of agriculture.

The communication, which asks the names of those connected with the marketing and distributing of foodstuffs, is as follows:

"The grave situation with which the nation is confronted at the present time makes it imperative that reliable data be available with respect to the sources of food products and the location of storage warehouses in which stocks of foodstuffs are held. This office is endeavoring to secure such data in connection with its duties required by congress with respect to the market and distribution of farm products.

"I am writing, therefore, to ask if you will give us from your tax rolls at the earliest practicable moment the names and addresses of all the persons, firms, plants and factories in your county engaged in the following lines of business, indicated in each instance the principal business of the person or firm named:

- "1. Canning, preserving, drying or pickling of foodstuffs of any kind, including the making of sauerkraut.
- "2. Making cheese.
- "3. Milling or storing rice.
- "4. Common storage of foodstuffs.
- "5. Operating a creamery."

### Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; no cure out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hays' Catarrh Cure. Send for circulars, free.

Sold by Druggists. Take Hays' Family Pills for constipation.
