SOCIAL EVENTS

CLUB HAS ANOTHER PLEASANT MEETING

Mrs. J. E. Stewart was hostess of the Chrysanthemum sewing club and Miss Estella Martin, Mrs. H. M. Stewart, and Mrs. Alex McKinney for a enjoyable afternoon on Tuesday. The Stewart home on Second and E streets was appropriately decorated with wild flowers to greet the guests.

After an afternoon of needlework, Mrs. T. C. Luckey assisted the hostess in serving a two-course luncheon. The next meeting of the club will be held on Tuesday, May 15, with Mrs. B. A. Washburne.

MRS. DOROTHY HOSTESS TO PINE NEEDLERS

Mrs. C. M. Dority entertained the Pine Needle club at her home on Second street Tuesday afternoon. The next meeting will be held on Tuesday, May 15, with Mrs. Minnie Girard. Those spending a pleasant afternoon at Mrs. Dority's home were: Harriet Casteel, Edith Taff, Margaret Cox, Nellie Ragan, Della Peterson, Hannah Hill, Lilly Kizer, Mary Roberts, Nina McPherson, Sadie Nelson, Edythe Larimer, Rena Laxton, Minnie Girard, and Little Mary Elizabeth De Mick.

BAPTIST AID ENJOYS DELIGHTFUL MEETING

The ladies aid of the Baptist church met Wednesday afternoon at the parsonage in goodly numbers. Mrs. Dr. Thompson of Eugene was guest of honor and gave interesting experience of her own work on the foreign field and exhibited many curios. Dr. Ferris served refreshments, and all felt that the afternoon was delightfully and profitably spent.

SOCIETY

Dr. and Mrs. W. C. Driver, of the Chapel car "Good Will" motored over from Corvallis Wednesday afternoon and were guests of Rev. and Dr. Ferris.

SOCIETY

Lane County "Boy Killed in War" Charles Vivian Knox, son of Mr. and Mrs. Frederick V. Knox, living in Fox Hollow, this county, was killed in battle in France during the great Aras push April 9, according to a telegram received Tuesday night by his parents. The young man enlisted in the Canadian army in April, 1916. He is the first Lane County boy to lose his life in the great war as far as is known.

Serenaders Get Cigars

About 15 young men puffing at "Little Bobbies" might have been seen wending their way homeward Tuesday night after a self-invited call on Mr. and Mrs. William Dawson at their home on South Second street. The serenaders visited the newlyweds Monday night first, but Mr. Dawson was prepared for guests and told them to come back the next night. All took advantage of the invitation.

Kids Start Saving, Circus Is Coming

A Popular Show Coming— Barnes Wild Animal Circus Soon to Visit Eugene

Everybody interested in the exhibition and training of wild animals will be pleased to learn that Al. G. Barnes famous and popular amusement enterprise is again touring Oregon with his large double train 30 car equipment of the most valuable educated wild animals ever brought to America by this celebrated Animal King.

This season 150 trainers are employed in the four rings continuously displaying a long and praiseworthy program so full of excitement and thrills that no duplicate exhibition of this nature by others has ever been attempted, so it is necessary to see the Barnes show to witness all that is the last word in an entertainment of this nature. The children will be delighted with the hundreds of performing ponies, the miniature wild animal display and the rides on four baby elephants. Over one thousand animals comprise this show's big equipment and the public's endorsement of the merit and ability of the management is forever a sure guarantee of a pleasant and profitable visit to this novel and meritorious exhibition.

The grand street parade every morning is an assuring evidence of the material progress of this monster animal caravan, having doubled its expense since its last visit, and in case of inclement weather, have no fear for the tents are of mercerized duck and water proof. If the weather conditions are favorable, the big double heard of performing elephants will be given a bath in the river pond near the show grounds.

Twice daily, afternoon and night, the regular two complete exhibitions are given without curtailment, rain or shine. Immediately after the parade, more free out-door acts and displays are given than are carried in the program for many other shows.

The attention paid to ladies and children by the officials and attendants with the Barnes show, has created much favorable comment in ever town visited.

The big show comes to Eugene Wednesday, May 9.

WANTED, A BATTLE SONG; ONE WITH A PUNCH IN IT

Chance For Some Writer to "Put Over" Anthem That Will Stir United States Troops.

In the cabarets the yodelers are working their larynxes to death trying to "put a real one over." The critical patriots draped about the cafe tables hearken and remain unmoved. They rise for "The Star Spangled Banner," cheer for "Dixie" and put their forks down for "America." But the whimsies about the assorted hearts of Maryland, Michigan, Oshkosh, Arkansas and Illinois leave them cold. The big song is still unborn, the song that will make the feet of the army tingle and the heart of it grow strong.

It is "Tipperary" that is credited with winning as many battles for the English as any of their generals. The French likewise have walked through the hail across No Man's Land with boulevard refrains on their lips.

"Something with a swing," said Captain F. R. Kenney of the regular army recruiting station in Chicago. "If I knew what I'd write it myself. There won't be any mistaking it when it comes, though. Everybody will know it's the song."

"Now is the time for every brass band hero to come to the aid of his country," said another officer at the station. "We don't want any classical stuff or any old stuff. The old airs are still great, but this is a new war, and we want a new song."

Our Bargain

Is all our world upon a counter laid? That is their taunt who say they know us well. Then, like true merchants, let us to our trade: What wares has God to sell?

A world at liberty, a path made clear For steadfast justice and enduring peace. Nations released forever from the fear Of evil days like these—

A sound investment, but * * * the price is high. Long hoarded wealth in ruin, flame and steel. Death lurking in the sea and in the sky—What say you? Shall we deal?

Shall we know terror; shall our strong ones fall? That others' children, fearless in the sun, May see our visions and accomplish all That we must leave undone?

We take thy bargain, Master of the Mart. Though we may flinch we cannot turn away. And make us strong to pay. —Amelia Josephine Burr of the Vigilantes.

THE GOOD JUDGE WIKES ENGINEER—II

SAY JUDGE! JERRY'S TAUGHT ME QUALITY INSTEAD OF QUANTITY. I'M CHEWING W-B, SHREDED SO I GET ACTION WITHOUT SO MUCH CHEWING.

SURE JUDGE! I LEARNED THAT FINER GOOD COAL LIVES GOOD TOBACCO GETS FURTHER—AND I BREAK THE GOAL SMALL WHEN TOM TELLS FOR STRAW.

YOU'RE beginning to notice a lot more information about tobacco, since W-B CUT Chewing got into full swing. People don't hanker after size any more. They want tobacco satisfaction—and excess sweetening can't cover up what's not there. The good tobacco taste of W-B is winning friends pretty much wherever you go nowadays—just rich, sappy leaf, shredded and seasoned with a bit of salt to bring out the fine tobacco flavor.

PURE MILK

A Tuberculin Tested Dairy Herd

Brook Farm Dairy will hereafter be operated by Geo. A. Dorris and Will G. Bishop under the management of Mr. Bishop. To supply the purest milk on this market will be our effort.

All authorities agree that there are three essentials in the production of pure milk.

FIRST: The cows must be healthy.

SECOND: The milk must be handled in a clean manner. This includes the surroundings, the personal habits of the milker, the utensils used, etc. and

THIRD: The milk must be immediately cooled in an air free from all contaminating conditions, as no food product takes up disease germs more quickly than warm milk.

DANGER IN TUBERCULIN MILK

"The danger of consuming milk from tuberculin cows is seen more conspicuously in children. * * * Recent experiments from many sources, (German commissions and British commissions on tuberculosis, etc.) appear to show that in tuberculosis in children respectively 10 and 23 per cent are due to the tuberculosis germ peculiar to cattle, thus locating 10 to 23 per cent of children's tuberculosis in milk."

The above quotation is from page 96 of a treatise on clean milk published by R. Winston, M. D. Chairman of the committee on milk of the Washington Medical Association and H. W. Hill, M. D., chairman of the committee on laboratories of the American Public Health Association.

"Thobald Smith attributes half of the causes of tuberculosis of the abdomen and glands of the neck of children to the bovine type of bacillus and therefore to milk."

"Nathan Raw believes tuberculosis of the peritonium, glands, joints, brain and skin, together with the acute military form, are due to the bovine bacillus conveyed to man only in milk." Same, page 31.

TEN PER CENT OF COWS AFFECTED

From the latest statistics it is estimated that 10% of the milch cows of the United States have tuberculosis. "The use of tuberculin is the only positive test." Same, page 30.

The milk your children are drinking may be pure, but do you know it?

TAKE NO CHANCES

Every cow now in our herd has recently been tested by tuberculin under direction of the state, and found to have no taint of tuberculosis.

Every effort will be made to insure absolute cleanliness. Our cows are clean, our milkers are clean, our methods are clean, and all vessels used are clean and seamless, and are never used for any other purpose.

The milk is immediately taken to the milk house and cooled and bottled and sealed as quickly as possible, thus reducing the time for infection to the minimum.

The milk house contains nothing but the seamless sanitary metal cooler and bottler,—nothing on which germs can accumulate. It is fly proof and is over 300 feet from the nearest dwelling house, thus avoiding 2 of the greatest recognized sources of infection.

It will not only be our effort to supply the purest milk that comes in this market but at a price less than from any tuberculin tested herd in the state.
