

A TRADE-MARK IS SOMETHING MORE THAN A "SIGN"—IT STANDS FOR THE FAITH, THE PRIDE AND REPUTATION OF THE MANUFACTURER IN THE PRODUCT WHICH HE MAKES AND SELLS

Good goods depend upon identification so that they may be asked for by name, recognized, recommended and called for again. As reliable druggists, our trade-name is our trade-mark. We want our customers to look upon it as a stamp whereby we assume full responsibility for the quality of all goods which we sell. We make a specialty of Trade-Marked advertised goods. Such Goods Tend To Lower The High Cost of Living.

If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system.
