

PROVE YOUR LOYALTY BY PATRONIZING LOCAL DEALERS

We have adopted as a slogan—"Business as usual" The farmer's slogan should be—"Greater and better crops" Other industries should adopt similar slogans, and then we should all live up to them so that the best interests of our community may be conserved. We can render our greatest service to the Government by keeping all industries moving. Co-operation is necessary. It is time when we should all work together for the common good of the community. Patronize home dealers. Keep the money at home. We are ready to do our part by supplying high-grade drug store goods at prices that are right.

Town and Vicinity
