

NATURALIST HAS EVOLVED FROM ANCIENT FICTION

Inman Claims to Have Come Out of Old Political Rut and Away From Old Religion

Editor Springfield News

Dear Mr. Dumm:

The following is a copy of a communication to the Governor General of the Philippine Islands, which I place at your grace.

Springfield, Oregon, July 16, 1917 (O.S.)
Inman Period or New Dispensation, 73
Governor General, Philippine Islands
Dear Governor General:

I am enclosing herewith, a clipping from the Springfield News, which expresses in part, my sentiments concerning human life; and hope that many ideas contained therein, will meet with your approval.

Any reply which you may be pleased to make, will be gladly received by me. Address as above.

To a certainty, I should be addressing the President of the Philippine Republic, and would be, was it not for the erratic and grasping money power of our country.

When the great statesmen, Aguinaldo, and Agoncillo, High Commissioners of the Philippine Republic, came to the U. S. for justice and recognition, they were turned down by grafters in Wall street, who then were President and Congress, and to the bad—a nation's disgrace.

It was Wall street—made McKinley, who was their bell in ringing out: "God is in it, we are in it and there's money in it."

I trust that the ever good and noble and liberty loving Philipinos will continue to forgive the money grabbing actions of the minor portion of our country, and that the Philippine woman suffrage republic will have a form of government with a liberty worth talking about.

The reason, Mr. Governor General that the majority of nations will not allow woman suffrage is, that money power owned administrations want war, so as to better fill their pockets by war graft contracts and other monies, thereby potentates can go to bed multi-millionaires, while their conscripted subjects worthy of a better fate, suffer by blood letting in the trenches!

Can it be possible there are such human slaughtering governments, or is it that which would be infinitely better which the world is groaning under, simply a horrible nightmare?

An administration and congress in Wall street make a blundering mistake by looking for a God-Hood in space which, like God-makers of old, called "the skies" and mistook space "the skies" for a solid affair in the shape of a dome and called it a "firmament."

They as all, should look for the true GODHOOD within our souls. But there are too many who have not receded far enough from the savage state to be possessed with a good quality of soul.

The only salvation, Mr. Governor General, which the manipulators of Wall street and others need including all preachers and the Pope, is self salvation a salvation from self!!! Learn to unlearn that learned amiss!

When all give all, all the rights claimed for self, and when humanity is looked to intend of compulsory service and the laity, instead of the misplaced clergy, and reciprocity, instead of greed, then and not till then, will this little midget planet be saved!!!!

I say midget world with a midget thinking people, compared to major planets and major thinking people inhabiting them!!!!!!

In fine, Mr. Governor General, I send my regards to other United Statesians over in the Philippines, and especially my love to the beautiful, well formed, many men loved, "God's" admired, heaven blessed, coconut shaped, and coconut sized, some one shaped, pliable to the feel, bouncing, naked, sweet, kissable-kiss-a-belle, lovely bosom charmed native ladies. And if it is not a numerical adjective, and holy what do you call it? I would wager more on the natural inborn talents of women civilizing the animal man, than the brassy and iron breast works of a coast fort!!!

Yes, I call it United Statesians, and the rest of Wall street call it America, as though there was no Canada, Mexico, Central America, and South America!!!

But then, Wall street would be the whole cheese because of the money power now ruling the world. But, alas! and alas! for the abominable money power, Socialism is sure to come, then all wrongs will be righted!!! "Selah!" A Biblical expression.

Then again Latin America is one grandeur thing to see in the United States.

States in moral, political and religious liberty, and I am no catholic either. Men and women can meet on the streets, hug, kiss and pass by without any ado about it; a thing which should be allowed in all countries, without the meddlesome interference of graft law or nosing of police!!!!

Grand-mother Comstocks, and white slave Manlists take notice!!!

The French South Americans are the most loving people in the world; especially in Buenos Aires which is meant for beautiful aires; it is the climate of South America that makes the people loving!!! How the French ladies are particular to have their pretty face, fair neck and naked lovely bosom charms clean on appearing on the streets, and how admired by many men, especially when kissing sweet lips, fair neck and lovely bosom charms; for admirers of lovely bosom charms, naturally love the wearer of them!!!! "Selah!"

I could write pages more on this question, but suffice for the present, with exception to what will follow my signature.

Yours with hopes for our coming better country, when spiritual brain will take the place of animal fat!!!

INMAN

You see I have signed the name Inman, Mr. Governor General, because there is but one INMAN, as there was but one Shakespeare, one Pope, one Byron, one Burns and one Stevenson, and the world is just beginning to understand them!!!! So with such great thinkers as Darwin, Spencer, Ingersoll, Hubbard and a galaxy of intellectual lights, who in coming ages, will be understood!!!!

I may be pooh poohed, by the clergy and ridiculed by others, and threatened by the damnable unconstitutional law which meets argument with brute force—a tactic too often practiced by too many of the "Gods" but I dispise such actions, defy them, and throw the gauntlet!!!!

Neither has "God" makers been understood!! For qualification, see my work: "A Christmas Sermon or Jesus Unveiled."

Furthermore, there are one hundred millions of peoples who claim and worship but one "God" "Alah", and that Mohammed is his prophet. Surely the romantic mythical Mohammed was the most successful prophet in religious history, in as much as his wife was his first convert!!!

Then again, Mohammed did the Christ of ancient religious romance, one better, he jumped into space, while Christ had to fly into space and each one alive!!!! Think of it! Both may be on the jump and fly yet for anything I care!

I am somewhat like the ancient religionist who in her romance "Paul" had him not believe in all the traditions "of them of old," but condemned them all!

No church graft clergyman can poke Bible traditions down my intellectual throat!! And Bible University Faculty, teachers and students can take notice, Mr. Governor General.

"Jesus wept," and "Bar Jesus was struck with blindness." I explain it all away in my famous work "A Christmas Sermon or Jesus Unveiled." And that surely the world cannot be lost since it has had no less than sixteen crucified saviors!!!! Think of it Mr. Governor General and others.

Again in fine, no doubt that you have noticed that I have used the word or term "Gods" often. I got it from the Bible in part and in part from categorical "Gods" on down through Osyrus, Odin, Thor, Prometheus, Buddha and others on to Mrs. Mary Baker Eddy who now sits on the old throne!!! Who will be her successor?

The Bible reads "Let us make man" And "let there be light." Now both words let and us signify a plurality of "Gods" or a congress of "Gods"!!!! And Bible University faculties can take notice.

The colossal brained Ingersoll and world's greatest orator, and writer, in one of his many works, one in particular, entitled: "The Gods," began by writing: Each nation has created a God and the God always resembled his creators.

The great and deep and high thinking Ingersoll, made a mistake in the opening, in as much as he used the words created and creators as there is no such thing as create or creators, and never was; as there never was a "Supernatural" "Creation" and "Creator"!! But there is that which is infinitely better,—because Natural, which not only governs this planet but the Universalem, and is The Main Head in Natures Trinity of Time, Space and Matter!! Which Trinity is uncreated and uncreatable!!!!

How ignorant church pastors have vilified such great men as Ingersoll, and America's politician and statesman Thomas Paine, especially when he wrote among numerous good and useful things, "Age of Reason" that "The Bible God is a libel on the purest conception of Deity."

How church pastors—that is the most ignorant among them have been quoted from their Fetich, "A fool in his heart saith there is no God," Now Mr. Governor General, and Wall street, I would rather be a wise "fool"

man who would say that the heart does not think, and that its' office is not to think but to circulate the blood, than to be a "wise" fool "God" who said that the office of the heart is to think.

All the "Gods" failed to divulge such important information to the world,—they did not know of it!!!! It was left to a modern day when Harvy discovered it!!!! Amen!

The Rev. Beecher, and Rev. Parker and other revs., have beheaded the devil of ignorance and superstition—the Bible devil, and Ingersoll turned the hose on hell and extinguished it; and lately the Rev. H. Heber Newton, Episcopalian N. Y., has made such a cold place of hell that if I was to go there this hour I would take an overcoat along!!!! "Hell" was evolved by ancient ignorance, the hotter the climate the hotter the hell. "Hell" is a climate arrangement. The far north among the northmen, "hell" was a place where damned souls were constantly freezing!! Think of it!

I have written a work entitled "The Tricks of Sacrifice," which exposes the tricks from the sacrifice of a buck or bull, a ram or a steer to the butchery of a "God". And after all, according to Calvinism "nine tenths go to hell!!!!!!" I say to the orthodox "hell" with such nonsense!

I cannot well finish this writing without quoting a few lines from the witty Burns: "W' hocus pocus rod in hand,

like Mother Gooses magic wand they could the elements command as leigion run; Divide the sea, or burn the land or stop the sun."

In his world famed poem: "Death and Doctor Hornbrook," the great poet begins:

"Some books are lies frae end to end, and some great lies were never p'nd. E'en ministers ha'e been k'nd in holy rapture, A rousing whil at times to v'nd and na'il't w' scripture."

The great poet Moore also gave to the world some useful verses.

"Alchemists may doubt the shining gold their crucibles give out, but faith, fanatic faith once wedded fast to some dear falsehood hugs it to the last."

A copy of this writing will be offered to the Springfield News and no doubt much of it will be used by other periodicals which I shall mail to them copies.

I have written it expecting some intellectual light weights to call me "bug house." But then, the great Westinghouse, was ridiculed when he claimed he could invent a machine to stop a train of cars with air. As he would pass along the streets he was laughed at and with such remarks as, "there goes windy Westinghouse, he says he can stop a train of cars with wind."

The great inventor Morse strove through ten congresses before he could get an appropriation to aid him to build a telegraph line from Baltimore to Washington!! Think of it! Congresses are so wise you know. They know a heap, they be like "Mellican man."

Both Westinghouse and Morse had narrow escapes from the "bug house" The great Edison was first "a crank" then a "fool" later "a wizard" now a "genious."

So it can be said of all leaders among men!!

Even the world's many crucified "Gods" have not been excused, one among them especially one of whom it was said of him, he casteth out devils by Beelzebub the Prince of devils. The people passed him by wagging their heads, some spit on his feet some buffeted (struck) him, and at his doctrine, laughed him to scorn. Some intellectual light weights said "He hath a devil and is mad!!!!" Think of it! So a devil first, a "God" last!!!! Such is human nature on man and "Gods."

All great men, like all great man made "Gods" first attract attention later honored or revered!!!!

I attracted attention in early manhood and more so later in life. Especially in 1904, (O. S.) when, with the world renowned Ella Wheeler Wilcox, as a "running mate," we aspired for the presidency on an independent platform of my devising, and had we won, we would have had a secretary of Peace, not of war, and would have had the office adorned by a woman!!! And a real world power!!!!

As destiny would have it, by a mistake the time had expired for having our names printed on the ballots. Notwithstanding, we received many complimentary votes from what our independent friends had read of our principles in such big dailies as The Philadelphia, North America. Especially did Tennessee remember us with their favor.

The truth is clear, whatever is, is right—hope.

There is a destiny which shapes our ends, rough hew them as we will—Shakespeare.

As this writing will appear later in bound book form among my miscellaneous works "Bible University faculties throughout the country can have an opportunity to unlearn what they have learned amiss!!!!

Now, here comes something edifying even to preachers, it comes from the Rev. H. Heber Newton, Episcopalian N. Y. who brushes the ecclesiastical cobwebs from his vision so as to see to announce to his congregation that: "We have had an unscientific religion, therefore an irreligious science. Theology is shedding its skin and preparing to grow a new body a natural theology. The Bible is no longer considered God's word authoritative and final, with its errors, and limitations but only as man's thoughts concerning God. This is an emancipation itself."

Score one for Newton. He has resurrected himself from the grave of ignorance and its consequent suppression, our evolving Resurrection, truth!!!!

Man has ever overlooked himself in finding his God!! He should have looked within!!!

The great writer, Elbert Hubbard, in one of his many writings, said "Any man is a God in the chrysalis."

Within the present century, man will know whereof, from whence and whither, than was ever dreamed of by the "Gods"!!!!!!

There is but one True Resurrection the natural, (not the "supernatural") Resurrection, each day is our Resurrection, our evolving Resurrection, with our Heaven ever yonder, into which humanities' Christ—the Christ within; is ever ascending and the only Resurrection man will ever experience

Copies of this writing will be mailed to several religious publications including The Yellow Jacket and the Menace, and to the Pope of Rome. And to Wilson and other warring potentates, and a few others prominent.

I have written a work giving the names of preachers and priests who quit the pulpit, and what they said in stepping down and out, after they became converted to a true knowledge; not of "faith"

There was once placed conspicuous above the east and west gates leading to Delhi, India, the oracles, Be Thyself, and Know Thyself. Now, no one can be himself until they know themselves, and man can never know himself until he knows his origin and destiny!!!! The whence and whither is yet to be learned!! The descent of man, like the knowledge of mysteries has been the mystery of mysteries. But then, there is no such thing as mystery; mystery is only ignorance of the true knowledge of things!!!!

Every great discovery which has ever been made was by accident, even on the discovery of America was by accident!!!! The greatest discovery is yet to be made; which is when man has discovered himself!!!! And when man has discovered himself, then he will be the I AM!!!! Then the "Gods" can worship HIM!

Self salvation is the only Salvation! When man has saved himself, all peoples will be good and there can not be war!!!!!!

Warring potentates and others take notice

The Sun has been personified in Christ, and the twelve signs of the zodiac in the twelve disciples by ancient fictionists!!!!

All people are punished by their sins, not for them, which is the natural hell; a "supernatural" hell, is the imaginings of ignorant and superstitious ancient religious fiction writers! Those ignorant writers personified God in "God," by dropping one; and to the word evil added the letter d and made the orthodox "devil"!! Think of it!

There is nothing in Nature, but has its contrast, good and evil, light and darkness, positive and negative, male and female, and right left etc. "Evil is the path to good."—Pope. Yes, it is ever at our elbow, telling us to do this and avoid that!! That is why ancient religious fictionists had a "devil" with their "God" in the "divine program!"

Heaven and hell is within us, and will be so in Spirit Life!!!!

I am down on all kingdoms; give me The Republic of heaven, with our Dual sexed Holy Father and Mother—The Sun as President. All things are Natural!!!!!! There is nothing "supernatural" only in the imagination of ignorance! The Pope and Billy Sunday take notice.

Cucumber Beetle Begins Ravages

Bordeaux Mixture Best Method of Repelling Pests on Beans and Other Vegetables

The cucumber beetle is active again working on the vines of the bean and the cucumber. This is the second brood this year. For several days the beetle will be active. Their ravages extend to the leaves and other tender parts of the plants.

The most effective method of repelling them is by spraying with Bordeaux mixture. The following formula may be used: Copper sulphate one pound; lime one pound; water 12 1/2 gallons. Dissolve the copper sulphate in two gallons of the water. Slack the lime and dilute to two gallons, then add eight and one-half gallons of water. Spray the plants thoroughly, getting the leaves sprayed well especially. By leaving a few plants unsprayed you may destroy the beetles for they will all collect on these few plants.

The potato flea beetle which destroys the foliage of the potato is also appearing. Bordeaux mixture may be used, also the following mixture. Arsenate of lead, 3 pounds; water 50 gallons; cane syrup, two and one-half quarts. Particular attention should be paid to getting the solution on the underside of the leaves.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.
