

EXEMPTIONS NOT TO BE EASY TO OBTAIN STATES GEN. WHITE

Men Who Should Serve Are Not to Be Permitted to Go Free on Flimsy Excuses

ALL MUST BE EXAMINED

Men Who Can Show They Have Relatives Dependent on Them Will Not Be Drafted

It is not to be the simplest task to obtain exemption or discharge from the conscript army when the actual selection of men comes with the receipt of the official list of numbers, Adjutant General White announced Friday.

Although the government has no desire to draft men whose dependents would be put to privation, it has no intention of allowing the men who should be drafted to go free, the adjutant general stated. The statement follows:

Exemption will not be regarded as claimed because of any statement made on the registration card. A new claim, supported by affidavits must be made in each case.

Incidentally, no claim for exemption or discharge may be made by any man until he actually has been called up by his county exemption board for physical examination.

For example, a man who expects to be called at some future time cannot make his claim for exemption now. The exemption boards are strictly forbidden to receive or consider claims from men who have not been called up for examination.

Must Appear for Examination

For another thing, whether a man files a claim for exemption or not, he positively must appear before the local board for physical examination on the day set in the notification sent him by the board.

A man has seven days from the mailing of this notice in which to make application to his board for exemption. He then has ten more days in which to file proofs.

Following are the only grounds for exemption:

1. That you are an officer, legislative, executive or judicial, of the United States, a state or territory, or the District of Columbia. And in every case exemption will not be granted unless specifically claimed.
2. That you are a regular or duly ordained minister of religion.
3. That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.
4. That you are in the military or naval service of the United States.
5. That you are a subject of Germany, whether you have taken out first papers or not. In such case, you will not be accepted for draft even if you desire to enlist. The regulations on this point are positive.
6. That you are a resident alien who has not taken out first papers.

Further Exemptions Listed

Following are the only claims for discharge that can be considered by local exemption boards:

1. That you are an elective county or municipal officer.
2. That you are a customhouse clerk.
3. That you are employed by the United States in the transmission of mails.
4. That you are an artificer or workman employed in an armory, arsenal or navy yard of the United States.
5. That you are employed in the service of the United States, under certain conditions.
6. That you are a licensed pilot regularly employed in the pursuit of your vocation.
7. That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.

Men With Dependents Exempt

8. That you are a married man with a wife or child dependent on your labor for support.
9. That you have a widowed mother dependent on your labor for support.
10. That you have aged or infirm parents dependent upon your labor for support.
11. That you are the father of a

motherless child under 16 dependent upon your labor for support.

12. That you are a brother of an orphan child or children under 16 dependent upon your labor for support.

13. That you are a member of a well-organized religious sect or organization, organized and existent May 18, 1917, whose then existing creed or principals forbade its members to participate in war in any form.

Claims for exemption on the ground that you are employed in a necessary industry, including agriculture, cannot be made to your local exemption board, but may be made to one of the three district exemption boards in Oregon, but only after you have passed your physical examination and have been certified as called for military service and not exempted.

C. W. Fandrem, in a letter to a friend received last Saturday says: "Of course you people know, all about the moving of camp from Calexico to Imperial Beach, California. Well we made the trip, in about one week, acrossing the desert in the blistering hot sun. We lost several of the horses which were unable to stand the heat. We had to do most of our marching during the night, and lay with our uniforms on, so as to be ready to march when the call came. We nearly died of thirst. Our tongues were parched and swollen, but at last we arrived at camp O. K. We are camped at a beautiful spot now, and are training from 8 to 10, hours a day but we like it just fine. We are just waiting now to be sent over the pond, to France."

MAKES CLUBBING ARRANGEMENT WITH

THE OREGON FARMER

Offers Unusual Opportunity To Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with *THE OREGON FARMER* whereby any farmer or fruit-grower, who is one of our regular subscribers and who is not now a subscriber of *THE OREGON FARMER*, will be entitled to receive *THE OREGON FARMER* in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
