

Will Have Famous Production Again

In spite of the world's greatest and most far reaching war, a great American spectacular and, incidentally, argument for peace, has invaded the cohorts of Europe and promises to stay.

The Birth of a Nation opened a two years' run at the famous Covent Garden in London, on July 5th, 1915 and August First, commenced at the Grand Opera House in Paris, the world's most magnificent opera house, also at the La Scala in Milan Italy, history among the noted opera houses of the earth.

Just what sentiment those countries will show in our reconstruction period and its terrors, (which may be very like their own soon) the workings of the Ku Klux Klan, etc., will be interesting to note. They are pretty well read up on the Civil War over there; and on Lincoln, Grant and Lee almost as well as we are, but whether the sentiments of the immense story will find the same response there is another question.

Of course The Birth of a Nation is purely American—but its lessons are as broad as humanity, itself. The wonderful realism of war, however, and the amazement of it all, will take the place of local color with them and very likely, it will create as much European newspaper talk as it has on this side of the water.

This big attraction occupies the boards at the Eugene Theatre and the date is August 13 and 14.

Makes Clubbing Arrangement With

The Oregon Farmer

Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
