

## War Draft Information

### Every Registered Man is Required to Fill Out Questionnaire in Next Three Weeks.

Every man registered for the draft will be sent a questionnaire in the next two or three weeks that he must fill out and return within seven days to his local exemption board.

These questionnaires are long and the answers to some of the questions may require considerable study. But though Uncle Sam will insist that all the questions be answered he is going to safeguard the rights of every man by providing him with free legal assistance and advice in writing out his answers.

To this end the Government is about to mobilize all the lawyers of the country for patriotic service. The mobilization will be voluntary—but every lawyer will be expected to do his bit and volunteer.

State, county and district legal advisory boards are to be formed at once in Oregon, as in all other states, to take charge of this work within each district. The chairman of each county board will be, whenever practicable, the county judge or a judge of the circuit court.

These legal advisory boards will be held responsible for seeing that a competent force of lawyers, or qualified laymen, is at all times available for consultation by all registrants desiring their services, during the period when the questionnaires are to be answered.

Not only that, but the legal advisory boards will delegate these duties to lawyers in the smaller towns and villages, so that wherever a registered man may be, he will have available a competent legal advisor to help him make out his questionnaire.

So far as the lawyers are concerned, it will all be a labor of patriotism on their part. Not a cent will they charge any registrant for their services.

"It should be the pride of every lawyer," says a statement by the War Department, "that no registrant within his district is without competent legal advice and assistance in preparing all papers that such registrant is required to submit in the process of the selection of citizens of this nation for duty in the present emergency."

The prompt filling out and return of questionnaires to local exemption boards by registrants is of the greatest importance. On the information obtained through the questionnaires will be based the new system of classification on which selection of men for military service under the draft hereafter will be made.

MAKES CLUBBING ARRANGEMENT WITH

## THE OREGON FARMER

*Offers Unusual Opportunity To Its Readers*

**AMONG** our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with **THE OREGON FARMER** whereby any farmer or fruit-grower, who is one of our regular subscribers and who is not now a subscriber of **THE OREGON FARMER**, will be entitled to receive **THE OREGON FARMER** in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity but send your order in now.

**THE OREGON FARMER** is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
