

Make Your Xmas More Merry With a 'Pathephone'

The Pathephone is the "Gift Greatest" indeed; it brings you all the riches of music—the music of America and the music of Europe; the music recorded on the Pathe Discs and the music recorded on the others. It is a more complete, artistic and perfect instrument. Made in America but retaining the impress of French genius and France's art.

The Sapphire Ball is a permanent part of the sound-box, so there are no needles to change. Records can be played a thousand times without the least impairment of their beauty of tone and without showing perceptible wear on the record.

Attachments free with every machine to play all makes of disc records.

The Pathephone is a combination of all phonographs in one and is offered to you at a price less than any other make.

Come in and hear our demonstrator and convince yourself that it is the only machine to buy.
