

It will please the doctor if you have his prescriptions filled here.

It is essential that your prescriptions have every bit of the potency that the physician relies upon or else the results will be disappointing. To insure this, drugs must be fresh, pure and active, and must be properly compounded. Our trade is very large, which insures rapid selling—hence freshness. We have every drug ever called for—therefore substitution is never found necessary. All prescriptions are compounded by registered pharmacists, and our prices are based on a fair and accurate cost accounting system. These are some of the reasons why physicians are always pleased when we fill their prescriptions.

LET US FILL YOUR NEXT PRESCRIPTION.

"Intolerance to Be at Theatre

Attraction Pictures Love's Struggles Throughout the Ages

D. W. Griffith's latest colossal spectacle "Intolerance," said to be the most magnificent spectacle of all time, will be the attraction at the Eugene Theatre, Friday and Saturday. This new art creation, is a tremendous representation of big historic events in three distinct periods of the world's history, placed in apposition with a story of life among the people of America of today.

The purpose of this spectacle is to show love's struggle throughout the ages, which Mr. Griffith does by means of four parallel stories. Ancient Babylon, Judea at the time of Christ, Medieval Paris and a modern American city are the scenes of these stories.

When the Nazarene Himself is seen in the streets of Jerusalem there is the visualization, in reverent artistry, of an actual Saviour of mankind—often surpassing in beauty or in effectiveness some of the world's most famed paintings of incidents at the time of Christ. Then again the horrors of the massacre of St. Bartholomew are set forth with the skill of a master to effects, and all in surroundings that suggest the actual period. The siege of the walls of Babylon, and of the city itself, with tremendous instruments of ancient warfare to attack the walls, and with struggling minions falling under the blow of swords, perishing by fire or going to death in the toppling and falling of lofty towers, is the achievement of one who has done big things in a big way.

Then there is the story of today, with a man brought to the gallows for crime he did not commit and saved only through the timely intervention of a Governor.

Over 125,000 people took part in "Intolerance," quite the largest cast ever assembled for any stage production.

Some of this country's most prominent film stars have the leading roles among them, Mae Marsh, Miriam Cooper, Lillian Gish, Constance Talmadge, Seena Owen, Margery Wilson, Bessie Love, Robert Herron, Elmer Clifton, Alfred Paget, Walter Long and Tully Marshall.

Library Board Meets On Tuesday night the public library board met at the library. The regular monthly bills for light, salaries, and other expenses were allowed. A new shipment of books in the traveling library arrived yesterday and will be placed on the shelves at once.

Buffers Third Paralytic Stroke Mr. and Mrs. L. Walker have been called to the bedside of Hiram Purdy of Eugene, father of Mrs. Walker. Mr. Purdy was afflicted with the third stroke of paralysis Wednesday of last week. He is slowly recovering reports Mr. Walker.
