About Constipation

Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea and boiled milk. On the other hand raw fruits, especially apples and bananas, also graham bread and whole wheat bread promote a movement of the bowels. When the bowels are badly constipated, however, the sure way is to take one or two of Chamberlain's Tablets immediately after supper.

Hog Feeders: Reliable authority states that 1 lb. of Tankage properly fed to hogs will produce more pork than 4 lbs. of corn. Also that it is cheaper to feed at \$100 per ton than Oil Meal is at \$60. One third of a pound a day to each hog does the business. If you try it once you will not do without it. Get a sack NOW and start right. We are headquarters for Blatchford's Calf Meal too. Use Calf Meal at half the price of milk and calves do just as well on it. Springfield Feed and Seed Company.

A Hint to the Aged
If people past sixty years of age could be persuaded to go to bed as soon as they take cold and remain in bed for one or two days, they would recover much more quickly, especially if they take Chamberlain's Cough Remedy. There would also be less danger of the cold being followed by any of the more serious diseases.

A Secret of Contentment

The man who is careful not to store up trouble for future years is the man that leads the most contented life.

For example, if you are conscious of any strain when using your eyes, attend to them at once.

It may be easy to correct that strain now, whereas if not attended to it will probably grow worse and cause serious trouble.

Familiarity with good service breeds efficiency.

Our knowledge of the right thing to do enables us to do the right thing by you.
