WILL PUBLISH BUT ONCE EACH WEEK.

Owing to the high cost of publishing a paper twice a week and on account of general business conditions, we have decided to discontinue the Monday edition of the News until further notice, beginning next week, and publish but one edition each week. We will therefore continue our Thursday's issue only but will enlarge the sheet, adding several attractive features, and try to merit the continued patronage of the public.

North Bend Man Now Candidate

L. J. Simpson Announces That
He Will Seek Nomination
for Governor of Oregon

L. J. Simpson, of North Bend today makes formal announcement of his candidacy for governor of Oregon on the Republican ticket. Mr. Simpson is the founder of the city of North Bend and is, perhaps the best known citizen of southern Oregon.

Mr. Simpson pledges, if elected, Oregon's full war co-operation to the nation, and he declares for full law enforcement. He favors a national eight-hour day, except in agriculture, the very nature of which, he says, makes such limitation impossible. He stands for business development and favors the comprehensive improvement and the construction of roads, particularly the main or trunk highways, which are of themselves military necessities, and believes that during the war this work should be prosecuted only with the consent and approval of the national government. He favors the construction of an adequate system of military highways for the defense of the Pacific coast and believes that the national government should undertake such construction immediately upon the termination of the war.

He says: "If nominated and elected: 'I shall encourage and support such legislation as may be necessary for the establishment of nation-wide prohibition and the permanent adoption of equal suffrage in the state and nation. 'I shall endeavor at all times to create and stimulate that patriotic co-operation between employer and employe rendered so necessary by the strenuous conditions of war and so essential to the progress and advancement of the state. 'I shall aid and assist in every way, commensurate with due and proper economy, the educational system and institutions of the state, and in every possible manner increase their efficiency. 'With a knowledge and appreciation of the enormous natural resources of Oregon, I shall endeavor to promote development of these resources through establishment of new industries and by encouraging settlers and urging such legislation as will tend to

make living conditions better for them and for the thousands of workers and laborers throughout the state. 'In administering the office of the state's highest executive, I shall consistently endeavor to give to Oregon an impartial, clean, economical and businesslike administration."

High School Will Give Program
The student body of the Springfield high school will give a patriotic program tomorrow afternoon at one o'clock at the school building. In Keeping With the Big Thought of the Day

The daily press reflects a sentiment throughout the nation which clearly indicates a new condition.

Men are wanted everywhere. The work of this war is being carried on largely by those who never before have been in public office or in public work. Men who have been too busy, too engrossed with their own tasks, are leaving their work to others and giving their time and ability to the cause which is ours, yours, everybody's.

It is a time when politics in the ordinary sense must not be considered. It calls for all the ability that can be mustered.

Oregon to be a successful part in this unit plan for the defense of Democracy, must likewise place the thought of the times before everything.

In another part of this paper appears the announcement of L. J. Simpson as a candidate for the nomination for Governor on the Republican ticket. Mr. Simpson was urged to become a candidate by his many friends in every part of the state, because of his business record, his understanding and knowledge of Oregon's resources, industries and needs; because of his public-spiritedness, which of recent years has led him to tasks which have been more important to him than his own affairs.

L. J. SIMPSON IS CLEARLY THE MAN WHO CAN GIVE OREGON THE ADMINISTRATION NECESSARY TO THIS PLAN OF NATIONAL EFFICIENCY.

His campaign will be directed straight to you as voters, as individuals who do your own thinking.

We are firmly convinced that you will not allow politics to influence your decision, and that you will vote for the man who is best fit to help the people of Oregon, develop the state's vast resources, and to prepare for, and participate in, the great reconstruction that is to follow.

We believe you will weigh issues more closely than ever before, and that L. J. Simpson will be your choice.

What You Can Do

First—Talk over his candidacy with your friends.

Second—if you believe that L. J. Simpson is worthy of your support write a letter to this committee.

Suggest how his cause may be advanced. We, in turn, will tell you how you can help!
