BAPTIST REVIVAL MEETING HAS BIG OPENING SERVICE

Love and Christian Fellowship to Be Object; Rev. H. E. Marsh Is in Charge

"FOR GOOD OF COMMUNITY"

Evangelist Has Been Newsboy, Iron Structural Worker, Sailor, Porter; Has Message for All

The revival services at the Baptist church began Sunday evening with much enthusiasm. There was a full house to greet Rev. H. C. Marshall, state evangelist for the Baptists of Oregon, who is conducting the services. The Christian church of this city, was dismissed so that its members could attend here. The choir was composed of the joint choirs of the two churches.

The meeting opened with a prelude by the pianist, Miss Iva Hill. The church then sang, "You May Have the Joy Bells," "Saved, Saved," and "Since Jesus Came Into My Heart." After a prayer by Rev. J. S. McCallum pastor of the Christian church, the choir sang "Throw Out the Life Line," and Rev. Walter Bailey, pastor of the Baptist church introduced Rev. H. E. Marshall.

Rev. Marshall began with a short prayer, and then read the scriptures from Matthew. A special solo "He Is Mine" was beautifully rendered by Miss Ruby Senseney. She was accompanied on the piano by Miss Dorothy Holbrook.

After another short prayer by the revivalist, Rev. Marshall began his sermon. He took as his text the sixth verse of the 85th Psalm, "Revive us again."

"A revival meeting," said Rev. Marshall, "is to revive us again. To accomplish this end the members of the congregation must work with the pastor. He cannot do it all himself. When all this work is done by the revivalist, his singer, and possibly his wife, the church is unable to conserve the good done by the meeting, and the church at once gets back into its old rut again. Some people think a church should always get back into its old channel after such a meeting. But this is not a channel it gets back into, it is the old rut with neighbors quarreling over the back fence, and life long friends refusing to speak to one another because of some trivial dispute. And yet you call this normal, and the spirit of Christian love and fellowship put into your hearts by a revival is abnormal. Forget the old rut, the new condition is far better for your souls."

When a person becomes converted his soul needs the help and guidance of the rest of the church. But if a person is converted into a church where he is not made welcome, where the others are not working their best for the cause of Christ, he is to be pitied. In order to have a successful revival in a community there must be a revival in the church first, so that the souls of the converts may find a welcome.

Many people only endure their religion. Christianity is sometimes compared to an ecclesiastical laundry and those people who see no joy in the love of Christ come out blue, oh so blue. It nearly kills them to be converted and saved. These need badly the help and guidance of the church, they must have it or in the end their souls may be lost.

Some come out awfully starched while still others come out saved but badly shrunk. They are the ones who don't stand washing who are drawn into knots, and are continually apologizing for their religion.

"A church always wants to gain the bankers, the attorneys and the social leaders, the big trans-oceanic liners, as converts. But what about the street waifs, the derelicts? Can you pray for them, can you deliver the goods?"

Rev. Marshall gave a short sketch of his life. "My mother died at my birth," he said, "and until eight years of age I was under the care of an old black mammy. I then became a newsboy and for years I knew the ups and downs of newsboy-life in most of the principal eastern cities. I then secured an opportunity to learn the iron structural trade and was draw-

He Gets Days of Comfort out of a pouch of Real GRAVELLY Chewing Plug

Real Gravelly Plug is such good tobacco (just enough sweetening to flavor), that a plug of Real Gravelly lasts much longer than an ordinary plug, and gives the comfort and satisfaction of good tobacco.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best! Ordinary Plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.
