\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one remedial disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NEW YORK THEATRICAL PRODUCER COMING TO BELL THEATRE.

Robert, or as he is more commonly known among his friends, "Bob" Athen, will appear with his own company at the Bell Theatre for seven nights, starting Monday night, April 1st. Mr. Athen has the distinction of having staged some of the biggest hits New York has ever seen in the amusement line, he having been stage director for the Keith and Proctor interests at the fashionable Fifth Avenue Theatre in New York for several years. He was in the original production of "The Darling of the Gods," with Blanche Bates, and has appeared with such well known stage celebrities as Wilton Lackey, Otis Skinner, Nat Willis, Nat Goodwin, Robert H. Hard, etc. Mr. Athen has hit upon the novel idea of giving tabloid versions of the world's best plays, and his idea has netted him thousands of dollars, for he has the name of being one of the wealthiest theatrical men on the Pacific Coast. He uses for his motto with his company, "Your Money's Worth or Your Money Back," which seems to be about the fairest proposition one could ask for. See this company at the Bell Theatre Monday night, April 1st. Adv.

Steam Shovel Located at Natron.
The Southern Pacific Company's steam shovel located at the gravel pit at Natron today and will work there for some time.

Shoes of Selected Leather At The Price Of Substitutes

In the Saturday Evening Post this week is a full page telling the public about Selz Shoes—how they are made of all-leather—selected leather—without substitutes. And this announcement is to tell you that our store is the headquarters for these selected leather shoes.

The name "Selz" is never seen on leather imitations. That is one reason why we handle Selz Shoes. In times like these, this feature is doubly important to you who buy shoes.

For example, the counters at the heels are built of leather instead of fiber. Fiber saves the money for the manufacturers who use it, but is harsh on the foot and often causes blisters.

The Selz Leather Counter molds itself to your heel. It is snug and comfortable until the shoe is worn out.

So it is with soles, inner soles, heels and other parts of the shoe where Selz builds of leather and leather alone.

When you can get shoes of super-grade like these without extra cost, why run the risk of buying shoes you can't be certain of?

The foremost factor in making Selz Shoes is selecting fine leather first. There are scores of grades that seem alike and to judge them accurately, takes years of training such as Selz specialists are famous for.

Even the linings are tested for durability by practical experts. Such skill as this gives Selz Shoes reserve strength that is famous.

The spring styles just in are wonderfully attractive. We have lasts that make it easy to fit any foot.

Come in and see them now while the lines are new and complete.
