French Freight in Oregon Boy's Hand

Harold Howard Writes Farmer Franklin of Seavey Hop Ranch, Springfield.

If Harold K. Howard, headquarters company, case section 4, line of communications, American expeditionary forces in France, has any troubles, worries or inconveniences, there is nothing to indicate them in his rosy letter to Farmer Franklin, of the Seavey Hop Ranch near Springfield. Writing from an indesignated port in France under date of February 7, he says:

"I have been over here over a month. We landed on this side on Christmas day. Had a very pleasant voyage and plenty of excitement. I am no longer with my old regiment. They sprung a little surprise on me. While we were in a very uncomfortable camp here an order came through which placed me here. You should have seen my old company commander. I guess he is still grieving.

"You know my experience in the transportation business must have gotten me this job. Once in my life before coming to Europe I saw a steamship discharge cargo, but let me tell you I sure have learned the business since I came here. It is my business to supervise the handling of all freight in this port for the American army. I am in the department of the director general of transportation.

"I live in a private home. Am allowed \$65 a month for room and eats. Altogether I get about \$115, including my regular pay. It is not half bad. I can get all the good wine I want and plenty of good smokes. Tobacco and cigars at our commissary are half the price that they are in the States. I get some good cigars from the Belgian consul, who lives in the same house as I. He trades me cigars for cigarettes.

"Wish you could be here and help me have some of the good times. I work short hours, usually, though, sometimes I work all night, and so I can go to the theater and do what I please.

"We have plenty of Fords. I have a much mud-splashed one that hauls me around. I have a sergeant who drives me sometimes. I have a quart of beer with each meal. They serve it instead of coffee and tea all over France.

"I can not smoke out of doors nights, for a German plane might drop a bomb down and put my smoke out. With best wishes and hopes that you are enjoying the war as much as I am."

Makes Clubbing Arrangement With

The Oregon Farmer

Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation; and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
